Leadership Indicators

1. Awareness programmes conducted for value chain partners on any of the Principles during the financial year:

Total number of awareness Programmes held	Topics / principles covered under the training	%age of value chain partners covered (by value of business done with such partners under the awareness programmes)
Nil	NA	NA

2. Does the entity have processes in place to avoid/ manage conflict of interests involving members of the Board? (Yes/No). If Yes, provide details of the same.

The Board has formulated and adopted the Code of Conduct and Conflict of Interest Norms for the Board of Directors, and the Code of Conduct and Ethics of the Bank (the Code of Ethics), in terms of Regulation 17(5) of the SEBI Listing Regulations relating to Corporate Governance.

The Code of Conduct and Conflict of Interest Norms for the Board of Directors provides for Do's and Don'ts to be followed by the Directors of the Bank and also contains norms with respect to conflict.

During the FY 2022, the Bank has not entered into any materially significant transactions with its Directors or Relatives of the Directors, which could lead to potential conflict of interest between the Bank and these parties, other than transactions entered into in the ordinary course of its business.

All the members of the Board of Directors of the Bank have affirmed compliance with the said Codes as applicable to them for FY2022.

PRINCIPLE 2 Businesses should provide goods and services in a manner that is sustainable and safe

Essential Indicators

1. Percentage of R&D and capital expenditure (capex) investments in specific technologies to improve the environmental and social impacts of product and processes to total R&D and capex investments made by the entity, respectively.

Given the nature of operations as a financial service provider, this question is not applicable to Axis Bank.

2. a. Does the entity have procedures in place for sustainable sourcing? (Yes/No)

b. If yes, what percentage of inputs were sourced sustainably?

As an institution providing financial services, the Bank's operations are not material resource intensive. Thus, sustainable sourcing of raw materials may not be a significant material issue for the banking sector in general. However, as a responsible corporate citizen, the Bank has been focusing on maximising its resource consumption efficiency, reducing waste generation while focusing on improving its process efficiency and productivity. Even as digitization of products and services has been reducing the requirement of paper, it remains a significant resource consumed during the Bank's normal course of business, and it has focused on reducing its paper consumption further by scaling up recycling, procuring paper from more sustainable sources, and rationalizing printing requirements internally within the business. For procurement of equipment that are required to run our banking operations, such as computer hardware, lighting devices, air conditioners and DG sets, the Bank considers green procurement and ensures that energy efficiency standards are duly considered during the purchase of such equipment. The Bank also has a Supplier Code of Conduct outlining its expectations from vendors to adopt the sustainable practices.

3. Describe the processes in place to safely reclaim your products for reusing, recycling and disposing at the end of life, for (a) Plastics (including packaging) (b) E-waste (c) Hazardous waste and (d) other waste.

The Bank has a centralised and robust waste management system that helps segregate, collect, transport and recycle all the different categories of waste generated at its corporate headquarters, at Axis House, Mumbai. The Bank has undertaken several initiatives that helped reduction in waste generation, responsible waste disposal & recycling and reduce the load on landfills. In FY 21-22, the Bank recycled 23.83 tonnes of dry waste such as newspapers, shredded documents, dry paper cups and tissues. The Bank recycled and converted 3.1 tonnes of wet waste/ food waste at Axis House.

The Bank has deployed necessary systems and processes to effectively and sustainably manage paper waste and e-waste. In addition, the Bank's digitization efforts across its office and branch locations are also helping rationalise its paper requirements. The e-waste generated by the Bank primarily consists of computers, monitors, modems, switches, laptops, scanners, routers, printers, and UPS systems. In addition to this, the Bank have engaged authorised vendors empanelled with MPCB (Maharashtra Pollution Control Board) and CPCB (Central Pollution Control Board) for disposal of e-waste in compliance with pertinent government regulations.

4. Whether Extended Producer Responsibility (EPR) is applicable to the entity's activities (Yes / No). If yes, whether the waste collection plan is in line with the Extended Producer Responsibility (EPR) plan submitted to Pollution Control Boards? If not, provide steps taken to address the same.

Not applicable.

Considering the nature of banking products which is service-oriented and not material resource intensive, EPR is not applicable and is not a significant material issue for the banking sector in general.

Leadership Indicators

1. Has the entity conducted Life Cycle Perspective / Assessments (LCA) for any of its products (for manufacturing industry) or for its services (for service industry)? If yes, provide details in the following format?

Not applicable.

LCA of products is not applicable for the Bank's products and services.

NIC Code	Name of Product/Service	% of total Turnover contributed	Boundary for which the Life Cycle Perspective/ Assessment was conducted	Whether conducted by independent external agency (Yes/No)	Results communication in public domain (Yes/No) If yes, provide the web-link.

7. Does the entity have any project related to reducing Green House Gas emission? If Yes, then provide details.

We are committed to investing in digital solutions and multi-pronged energy-conserving initiatives to further our commitment to achieving greater environmental efficiency in our operations. Key initiatives include:

- Implementation of Solar energy projects across select Axis Bank branches and offices, aggregating ~ 7.05 MW which helped save ~ 3,066 tCO₂e of carbon emissions in FY 21-22.
- Axis Bank has also procured solar power of ~1 MW (3.50 Lakhs units p.a.) under Power Purchase Agreement (PPA) Model in FY 19-20 for Bank's Data Centre in Bengaluru. The Bank has consumed 39.76 lac units of electricity for its Data Centre, alone in FY 21-22, which helped save ~3,141 tCO₂e of carbon emissions.
- IOT-based monitoring of power generated through solar installations across rooftop over 245 branch locations
- In FY 21-22, the implementation of CEMS in 600 branches helped save 38.87 lac units of electricity, which resulted in saving ~3,071 tCO₂e of carbon emissions.
- Existing conventional light fittings replaced with LED bulbs in ~1,789 branches PAN India which saved around 67.59 lacs units of electricity and saved around 5,340 tCO₂e of carbon emissions.
- Maintenance of unity power factor through APFC panels in auto mode for optimum use of power at Axis House Mumbai and Axis House Noida
- Installation of motion sensors for workstations and common area lighting at Axis House, Mumbai and Regional Office Bengaluru. The Bank shall introduce sensors in additional locations

9. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

Given the nature of the Bank's business activities, which is providing banking products and services to serve its customers and stakeholders, it largely consumes resources for running its banking operations. This includes purchased electricity and the use of diesel gen sets at its branches, and use of paper in its banking forms, statements, and other such documents that the Bank uses to conduct its banking activities. The Bank has in place its Policy on Environmental Management that provides a strategic guidance to its activities aimed at enhancing resource use efficiency and waste reduction while improving productivity and efficiency. Through varied initiatives, the Bank works towards reducing its resource consumption, as well as focus on enhancing energy efficiency. In addition, the digitization of its internal processes has aided its efforts, such as by replacing the need for paper. The Bank also engages with authorised waste recycling vendors empanelled with MPCB (Maharashtra Pollution Control Board) and CPCB (Central Pollution Control Board) for disposal of e-waste in compliance with pertinent government regulations. In general, the Bank does not utilise any hazardous and toxic chemicals in its products and processes, thus, it does not generate any hazardous or toxic by-product or waste as an outcome.

10.
