

Freecharge Payment Technologies Pvt. Ltd.

DIRECTORS' REPORT

Dear Members

Your Directors have the pleasure in presenting the 6th Annual Report of the Company, along with Audited Financial Statements for the financial year ended 31st March 2020.

Financial Highlights and Business Operations

Particular	As at March 31, 2020 (Rs'000)	As at March 31, 2019 (Rs'000)
Revenue from Operations	11,55,506	9,41,365
Other Income	3,901	2,064
Finance Income	1,23,746	76,387
Profit/(Loss) After Tax	3,04,984	(7,342)

State of Company's Affairs and Future Outlook

Freecharge acts as a business correspondent and technology service provider to Axis Bank Limited, whereby it markets and distributes the semi-closed prepaid payment instruments under the brand name 'Freecharge Balance'.

One of the main pillars of Freecharge's business is merchant solutions and in the year gone by, the company continued to expand its merchant base across the unorganized offline segment. The company helped the small retailers to accept the payments digitally using UPI, Wallet, Cards & Net-banking, with UPI being the primary payment mode. The company saw a good traction in transactions coming from the merchant business. The Company saw very active healthy rate of UPI transaction and a large proportion of our UPI transactions came from offline merchants.

The company while onboarding the merchants for digital payments also launched a merchant App to help this segment keep a track of their business. The company was focused on solving the problems faced by the merchants while at the same time helping them to increase their business. As part of its App offering it launched two value-added solutions, Paisaplus and Khata. While Paisa Plus helped merchants issue their own gift vouchers without investing in large & complex solutions. This helped the merchant collect the money upfront and generate guaranteed sales, Khata is a digital ledger where the merchant can keep a track of his debtors and his creditors. Under the Khata feature the merchant could create reminders for himself and send collections request etc. to his debtors. The company also launched the feature of Payments Link on the App which helped both large and small merchants to collect payments remotely.

As a Technology Service Provider to Axis Bank, your company is developing digital products and APIs for Axis bank which the bank can use to tie up with multiple platforms while at the same time the company can also launch these digital financial products for the consumers on its own platform.

During the year under review, National Company Law Tribunal, Delhi (“NCLT, Delhi”) by an order dated October 22, 2018 sanctioned the petition filed by the company for approval of Scheme for Amalgamation (the Scheme) of Accelyst Solutions Pvt. Ltd. (the Transferor Company) with and into the Company. The certified copy of the order was received by the Company on October 30, 2019 and the same was filed with Ministry of Company Affairs in prescribed Form INC-28 on November 22, 2019. The said form filed by the Company is presently pending for approval before the Registrar of Companies, New Delhi. Similar petition was also filed by Transferor Company in National Company Law Tribunal, Mumbai (“NCLT, Mumbai”) which was sanctioned on February 28, 2019. However, while sanctioning the scheme NCLT, Mumbai amended the appointed date of amalgamation as mentioned in the scheme from October 7, 2017 to April 1, 2018. Due to discrepancy in appointed date in order of NCLT, Delhi and NCLT, Mumbai scheme cannot be implemented. Therefore, the Transferor Company has decided to file a modification application in NCLT, Mumbai to amend the appointed date from April 1, 2018 to October 7, 2017 as originally mutually decided by both companies. However, till the date of this report, the said modification application could not be filed due to nationwide lockdown announced by Govt. of India in wake of outburst of pandemic Covid-19.

Except as mentioned above, there has been no change in nature of business being carried on by the Company.

Dividend

During the year under review, your Directors do not recommend any dividend.

Share Capital

During the financial year under review, there was no change in the authorised, issued, subscribed and paid-up equity share capital of the Company.

Extract of Annual Return

The extract of Annual Return, pursuant to the provisions of Section 92(3) of the Companies Act, 2013 read with Rule 12 of the Companies (Management and Administration) Rules, 2014, for the financial year ended 31st March, 2020, is furnished in Form MGT-9 and is annexed as “**Annexure 1**” to this Report.

Particulars of Loans, Guarantees or Investments under section 186

In compliance of Section 186 of the Companies Act, 2013, Company granted an aggregate amount of Rs. 60,80,00,000/- as loan to Accelyst Solutions Private Limited during the year under review. The particular of loan are given in the notes to the Financial Statements of the Company for the financial year ending 2019-20.

Particulars of Employees

The Company being an unlisted company, the provisions of Section 197 (12) of the Companies Act, 2013 read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014 as amended from time to time are not applicable on the Company.

Particulars of Contracts or Arrangements with Related Parties

During the year under review, all contracts or arrangements with related parties entered into at arm's lengths basis and in ordinary course of business. As required pursuant to provisions of Section 134(3) of the Companies Act, 2013 read with Companies (Accounts) Rules 2014, particulars of all such contracts or arrangements are enclosed in prescribed Form AOC-2 as **Annexure-2** to this report.

Public Deposits

The Company has not accepted any deposits from the public as defined under Chapter V of the Companies Act, 2013 and the Rules made thereunder.

Auditors

During the year under review, M/s S.R Batliboi & Co. LLP, Chartered Accountants (ICAI Firm Registration No. 301003E/E300005) resigned from the office of statutory auditors of the Company from 3rd September, 2019. In order to fill such casual vacancy, the Board appointed M/s S.R Batliboi & Associates LLP, Chartered Accountants, (ICAI Firm Registration No. 101049W/E300004), as Statutory Auditors of the Company by a circulation resolution dated September 12, 2019 to hold the office of auditors upto the conclusion of 5th Annual general meeting of the company. The Statutory Auditors confirmed their willingness and eligibility for appointment as Statutory Auditor.

At the 5th Annual General Meeting held on 24th September, 2019, the said M/s S.R Batliboi & Associates LLP, Chartered Accountants were re-appointed as Statutory Auditors of the Company to hold the office till the conclusion of 11th Annual General Meeting of the Company.

Auditors Report

The Auditor's report to the shareholders on standalone and consolidated financial statement for the year ended March 31, 2020 does not contain any qualification, observation or adverse comment. The comments made by Statutory Auditors in their report for financial year ended 31st March 2020 are self-explanatory and therefore, do not call for any further explanation or comments from the Board.

Secretarial Auditors

Pursuant to the provisions of Section 204 of the Companies Act, 2013 read with Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Company appointed Mr. Sanjay Chugh, Practicing Company Secretary to act as the Secretarial Auditor of the Company for the financial year 2019-20. The Secretarial Auditor has conducted the audit of the secretarial records of the Company for the financial year under review and has also furnished the Secretarial Audit Report which is annexed as Annexure - 3 to this report.

There are no qualification, reservation or adverse remark made by Secretarial Auditor in his Report.

Board of Directors, Key Managerial Personnel and Board and Committee Meetings

During the year under review, Ms. Nithya Easwaran, resigned from the position of Independent director w.e.f. April 18, 2019. Mr. Mohit Jain also resigned from the position of director of the company w.e.f. July 16, 2019. Mr. Sangram Singh resigned from the position of Managing Director and CEO of the Company w.e.f. August 19, 2019. Mr. Siddharth Mehta was appointed as additional director effective from August 20, 2019 in the board meeting held on 16th July, 2019. In the same meeting, he was also appointed as Managing Director for a period of 4 (Four) years effective from August 20, 2019 to 19th August, 2023 (both days inclusive) subject to the approval of members in General meeting of the Company.

Ms. Asha Parthasarathi Kharga and Mr. Sameer Bhujanga Shetty were appointed as additional director on the board of the company w.e.f. July 16, 2019 and August 30, 2019 respectively.

At 5th Annual General Meeting held on 24th September 2019, the members of the Company approved the appointment of Mr. Siddharth Mehta, Ms. Asha Parthasarathi Kharga and Mr. Sameer Bhujanga Shetty as directors liable to retire by rotation. The appointment and remuneration of Mr. Siddharth Mehta were also ratified by the members of the Company.

Mr. Rohit Bhagat resigned from the position of Independent director w.e.f. February 19, 2020 and Mr. Jairam Sridharan also resigned from the position of Chairman of Board and Director of the Company w.e.f. March 05, 2020. Mr. Naveen Tahilyani was appointed as additional director in the company w.e.f. March 26, 2020.

Pursuant to provisions of Section 152 of the Companies Act, 2013 Ms. Asha Parthasarathi Kharga retires by rotation at the forthcoming Annual General Meeting and being eligible, offers herself for reappointment. A resolution seeking approval of the members for the re-appointment of Ms. Asha Parthasarathi Kharga as director of the Company shall be placed before the members of the Company at the ensuing annual general meeting of the Company.

Except as mentioned above, there are no changes in the directors and key managerial personnel of the Company.

During the financial year under review, the Board of Directors met 4 times on April 17, 2019; July 16, 2019; October 16, 2019; and January 17, 2020. The time gap between two meetings did not exceed 120 days. The summary of number of meetings attended by each Board Member is as under:

S.No.	Name of Director	No. of Meetings Attended
1	Mr. Sangram Singh	2
2	Mr. Siddharth Mehta	2
3	Mr. Rohit Bhagat	4
4	Nithya Easwaran	1
5	Jairam Sridharan	4
6	Mohit Jain	1
7	Asha Parthasarathi Kharga	3
8	Sameer Bhujanga Shetty	2

During the year under review, Nomination and Remuneration Committee Meeting of the company was held on April 17, 2019 comprising of Ms. Nithya Easwaran, Mr. Rohit Bhagat, Mr. Jairam Sridharan and Mr. Sangram Singh. Since both the Independent Directors resigned, the committee is non-functional as the composition of the committee is not as per the provisions of the Companies Act, 2013.

Policy on Remuneration of Directors, Key Managerial Personnel, Senior Management and Other Employees

Pursuant to the provisions of Section 178(3) of Companies Act, 2013, the Company has devised a policy on remuneration of directors, Key Managerial Personnel, Senior Management and other employees. The objective of the Remuneration Policy is to attract, motivate and retain qualified and expert individuals that the Company needs in order to achieve its strategic and operational objectives. The Policy is accessible on website of the Company at www.freecharge.in.

Directors' Responsibility Statement

Pursuant to the provisions of Section 134(5) of the Companies Act 2013, and save as otherwise mentioned elsewhere in this Report, the Directors, to the best of their knowledge and belief, confirm that:

- a) in the preparation of the annual accounts for the year ended March 31, 2020, the applicable accounting standards, have been followed along with proper explanations relating to material departures; whenever applicable
- b) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company at the end of the financial year i.e. March 31, 2020 and of the profit of the Company for that period;
- c) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of this Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.
- d) the Directors have prepared the annual accounts of the Company on a going concern basis; and
- e) The Company not being a listed Company is not required to lay down the internal financial controls to be followed by the Company; and
- f) the Directors had devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems were adequate and operating effectively.

Annual Evaluation of performance by Board of Directors:

Pursuant to the requirements as prescribed in Section 134(3)(p) the Companies Act, 2013, the annual evaluation of the performance of the Board as collective body and also of individual directors was carried out by an external agency as advised by Axis Bank, holding Company of the Company.

FORM No. MR-3
SECRETARIAL AUDIT REPORT
For the Financial Year ended on 31st March, 2020

(Pursuant to Section 204(1) of the Companies Act, 2013 and Rule No. 9 of
the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014)

To
The Members,
Freecharge Payment Technologies Private Limited,
2nd Floor, Plot No. 25,
Pusa Road,
New Delhi, 110005

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Freecharge Payment Technologies Private Limited** (hereinafter called the Company). The Company is an unlisted Deemed Public Company, limited by shares and is an Indian Non- Government Company. Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the company has, during the audit period covering financial year ended on **March 31, 2020** ("Audit Period") complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on **March 31, 2020** according to the provisions of:

- (i) The Companies Act, 2013 (the Act) and the rules made there under;
- (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;

- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; **(Not applicable to the Company during the audit period)**
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015) **(Not applicable to the Company during the audit period)**
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009; **(Not applicable to the Company during the audit period)**
 - (d) The Securities and Exchange Board of India (Share Based employee Benefits) Regulations, 2014; **(Not applicable to the Company during the audit period)**
 - (e) The Securities and Exchange Board of India (Issue & Listing of Debt Securities) Regulations, 2008 and Listing Agreement for Debt Securities; **(Not applicable to the Company during the audit period)**
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client; **(Not applicable to the Company during the audit period)**
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and **(Not applicable to the Company during the audit period)**
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998; **(Not applicable to the Company during the audit period)**
- vi) The Management has identified and confirmed the following law as applicable to the Company.
 - a) Employee Provident Fund Act 1952
 - b) Payment of Gratuity Act, 1972

I have also examined compliance with the applicable clauses/regulations of the following:

- (1) Secretarial Standards issued by The Institute of Company Secretaries of India.

- (2) The Listing Agreement entered into by the Company with the Stock Exchange/SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. (**Not applicable to the Company during the audit period**)

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above without any material non-compliance subject to the following observations:

During the period under review, the final minutes were not circulated to the Board members within 15 days after the signatures of the same in few cases.

I further report that,

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notices are given to all directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance and in few cases the same has been sent at shorter notice after complying the provisions and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

Majority decision is carried through while the dissenting members' views, if any, are captured and recorded as part of the minutes.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

SANJAY CHUGH
COMPANY SECRETARY
FCS No: 3754
C.P.NO. 3073

Place: New Delhi

Note: This report is to be read with our letter of even date which is annexed as Annexure- A and forms an integral part of this report.

ANNEXURE A'

To,
The Members,
Freecharge Payment Technologies Private Limited,
2nd Floor, Plot No. 25,
Pusa Road,
New Delhi, 110005

Our report of even date is to be read along with this letter.

1. Maintenance of secretarial record is the responsibility of the management of the company. Our responsibility is to express an opinion on these secretarial records based on our audit.
2. I have followed the audit practices and processes as were appropriate to obtain reasonable assurance about the correctness of the contents of the Secretarial records. The verification was done on test basis to ensure that correct facts are reflected in secretarial records. I believe that the processes and practices, I followed provide a reasonable basis for our opinion.
3. I have not verified the correctness and appropriateness of financial records and Books of Accounts of the company.
4. Where ever required, we have obtained the Management representation about the compliance of laws, rules and regulations and happening of events etc.
5. The compliance of the provisions of Corporate and other applicable laws, rules, regulations, standards is the responsibility of management. Our examination was limited to the verification of procedures on random test basis.
6. The Secretarial Audit report is neither an assurance as to the future viability of the company nor of the efficacy or effectiveness with which the management has conducted the affairs of the company.

INDEPENDENT AUDITOR'S REPORT

To the Members of Freecharge Payment Technologies Private Limited

Report on the Audit of the Ind AS Financial Statements**Opinion**

We have audited the accompanying Ind AS financial statements of Freecharge Payment Technologies Private Limited ("the Company"), which comprise the Balance sheet as at March 31 2020, the Statement of Profit and Loss, including the statement of Other Comprehensive Income, the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its profit including other comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing (SAs), as specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Ind AS Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Directors report, but does not include the Ind AS financial statements and our auditor's report thereon.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, (as amended from time to time) issued by Ministry of Corporate Affairs. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Ind AS financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "Annexure 1" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid Ind AS financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, (as amended from time to time) issued by ministry of corporate affairs;
 - (e) On the basis of the written representations received from the directors as on March 31, 2020 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2020 from being appointed as a director in terms of Section 164 (2) of the Act;
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure 2" to this report;
 - (g) In our opinion, the managerial remuneration for the year ended March 31, 2020 has been paid / provided by the Company to its directors in accordance with the provisions of section 197 read with Schedule V to the Act;
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company does not have any pending litigations which would impact its financial position;
 - (j) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;

Annexure 1

Annexure referred to in paragraph 1 of "Report on Other Legal and Regulatory Requirements" of our report of even date

Re: Freecharge Payment Technologies Private Limited ('the Company')

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) Fixed assets were physically verified by the management during the year and no material discrepancies were identified on such verification.
- (c) According to the information and explanations given by the management, there are no immovable properties, included in property, plant and equipment of the Company and accordingly, the requirements under clause 3(i)(c) of the Order are not applicable to the Company.
- (ii) The Company's business does not involve inventories and, accordingly, the requirements under clause 3(ii) of the Order are not applicable to the Company.
- (iii) According to the information and explanations given by the management, the Company has not granted any loans, secured or unsecured to companies, firms, limited liability partnership firm or other parties covered in the register maintained under Section 189 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iii)(a), (b) and (c) of the Order are not applicable to the Company and hence not commented upon.
- (iv) In our opinion and according to the information and explanations given by the management, provisions of Section 185 and 186 of the Companies Act 2013 in respect of loans to directors including entities in which they are interested and in respect of loans and advances given, investments made and, guarantees, and securities given have been complied with by the Company.
- (v) The Company has not accepted any deposits within the meaning of Sections 73 to 76 of the Companies Act, 2013 and the Companies (Acceptance of Deposits) Rules, 2014 (as amended). Accordingly, the provisions of clause 3(v) of the Order are not applicable to the Company.
- (vi) To the best of our knowledge and as explained by the management, the Central Government has not specified the maintenance of cost records under Section 148(1) of the Companies Act, 2013, for the services of the Company.
- (vii)(a) The Company is regular in depositing with appropriate authorities undisputed statutory dues including provident fund, income-tax, service tax, goods and service tax, cess and other material statutory dues applicable to it. The provisions of investor education and protection fund, employees' state insurance, wealth-tax, customs duty, excise duty are not applicable to the company.
- (b) According to the information and explanations given by the management, no undisputed amounts payable in respect of provident fund, income-tax, service tax, goods and service tax, cess and other statutory dues were outstanding, at the year end, for a period of more than six months from the date they became payable.
- (c) According to the information and explanations given by the management, there are no dues of income tax, service tax, goods and service tax and cess which have not been deposited on account of any dispute.
- (viii) In our opinion and according to the information and explanations given by the management, the Company has not defaulted in repayment of loans or borrowing to a financial institution, bank or government or dues to debenture holders.
- (ix) According to the information and explanations given by the management, the Company has not raised any money way of initial public offer / further public offer / debt instruments and term loans hence, reporting under clause (ix) is not applicable to the Company and hence not commented upon.

S.R. BATLIBOI & ASSOCIATES LLP

Chartered Accountants

- (x) Based on our the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, we report that no fraud by the Company or no material fraud on the Company by the officers and employees of the Company has been noticed or reported during the year.
- (xi) According to the information and explanations given by the management, the managerial remuneration has been paid / provided in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Companies Act, 2013.
- (xii) In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company and hence not commented upon.
- (xiii) Based on our the audit procedures performed for the purpose of reporting the true and fair view of the financial statements and according to the information and explanations given by the management, transactions with the related parties are in compliance with Section 188 of the Companies Act, 2013 where applicable and the details have been disclosed in the notes to the financial statements, as required by the applicable accounting standards. The provisions of Section 177 the Companies Act, 2013 are not applicable to the Company and accordingly reporting under clause 3(xiii) of the Order insofar as it relates to Section 177 of the Companies Act, 2013 is not applicable to the Company and hence not commented upon.
- (xiv) According to the information and explanations given to us and on an overall examination of the balance sheet, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence, reporting requirements under clause 3(xiv) of the Order are not applicable to the Company and hence not commented upon.
- (xv) According to the information and explanations given by the management, the Company has not entered into any non-cash transactions with directors or persons connected with him as referred to in Section 192 of the Companies Act, 2013.
- (xvi) According to the information and explanations given by the management, the provisions of Section 45-IA of the Reserve Bank of India Act, 1934 are not applicable to the Company.

Annexure 2

ANNEXURE TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE FINANCIAL STATEMENTS OF FREECHARGE PAYMENT TECHNOLOGIES PRIVATE LIMITED LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Freecharge Payment Technologies Private Limited ("the Company") as of March 31, 2020 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting with reference to these financial statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting with reference to these financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls over financial reporting with reference to these financial statements and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting with reference to these financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls over financial reporting with reference to these financial statements.

Meaning of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

A company's internal financial control over financial reporting with reference to these financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting with reference to these financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally

accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting With Reference to these Financial Statements

Because of the inherent limitations of internal financial controls over financial reporting with reference to these financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting with reference to these financial statements to future periods are subject to the risk that the internal financial control over financial reporting with reference to these financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, adequate internal financial controls over financial reporting with reference to these financial statements and such internal financial controls over financial reporting with reference to these financial statements were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Samarth Govila
Company Secretary

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

1. Corporate information

Freecharge Payments Technologies Private Limited ("the Company") was incorporated in India on January 14, 2015. The Company is engaged in the business to provide, promote, develop, design, set-up, maintain, operate, market and carry on the business of all types of physical, electronic and virtual payment system services, e-wallets, mobile wallets, pre-paid instruments, whether open, closed, semi-closed, cash card, payment gateways service. The registered office of the Company is located at 2nd Floor, Plot No. 25, Pusa Road, New Delhi-110005.

The financial statements were authorised for issue in accordance with resolution of Board of Directors on April 21, 2020

2.0 Significant Accounting Policies

2.1 Basis of accounting and preparation of financial statements

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under section 133 of the Companies Act, 2013 read together with the Companies (Indian Accounting Standards) Rules, 2015 (as amended from time to time) issued by Ministry of Company Affairs.

The financial statements have been prepared on a historical cost basis, except for the following assets and liabilities which have been measured at fair value or revalued amount:

- Certain financial assets and liabilities measured at fair value (refer accounting policy regarding financial instruments).

The financial statement has been presented in Indian Rupees to the nearest lakhs , except as stated otherwise.

2.2 Summary of significant accounting policies

a. Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification. An asset is treated as current when it is:

- Expected to be realised or intended to be sold or consumed in normal operating cycle
- Held primarily for the purpose of trading
- Expected to be realised within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- It is expected to be settled in normal operating cycle
- It is held primarily for the purpose of trading
- It is due to be settled within twelve months after the reporting period, or
- There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

b. Foreign currencies

The Company's financial statements are presented in Indian Rupees to the nearest lakhs, which is also the Company's functional currency.

Transactions and balances

Transactions in foreign currencies are initially recorded by the Company at the spot rates at the date the transaction first qualifies for recognition. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

Exchange differences arising on settlement or translation of monetary items are recognised in statement of profit or loss with the exception of the following:

- Exchange differences arising on monetary items that forms part of a reporting entity's net investment in a foreign operation are recognised in profit or loss in the separate financial statements of the reporting entity or the individual financial statements of the foreign operation, as appropriate. In the financial statements that include the foreign operation and the reporting entity (e.g., consolidated financial statements when the foreign operation is a subsidiary), such exchange differences are recognised initially in OCI. These exchange differences are reclassified from equity to profit or loss on disposal of the net investment.

- Exchange differences arising on monetary items that are designated as part of the hedge of the Company's net investment of a foreign operation. These are recognised in OCI until the net investment is disposed of, at which time, the cumulative amount is reclassified to profit or loss.

- Tax charges and credits attributable to exchange differences on those monetary items are also recorded in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in other comprehensive income ('OCI') or statement of profit or loss are also recognised in OCI or statement of profit or loss, respectively).

c. Fair value measurement

The Company measures financial instruments, such as, derivatives / investments at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or

- In the absence of a principal market, in the most advantageous market for the asset or liability

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as properties and unquoted financial assets, and significant liabilities, such as contingent consideration. For the purpose of fair value disclosures, the company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy as explained above.

d. Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable, taking into account contractual defined terms of payment and excluding taxes or duties collected on behalf of government. The following specific recognition criteria must also be met before revenue is recognized:

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

Revenue from commission income

Merchant checkout fees from wallet transaction is recognised on the basis of successful pay-out of wallet usage to the respective merchants. The settlements are done daily for such transactions to the merchant on net of MDR revenue. The Company collects service taxes on behalf of the government and, therefore, these are not economic benefits flowing to the Company. Hence, they are excluded from revenue.

Revenue - payment & storage service

The revenue from payment & storage service is recognised for providing PG aggregation service and as a payments platform for transactions of the merchant executed through payment gateway. The Company collects revenue on the basis of the payment gateway transactions routed through its payment platform on a monthly basis.

Revenue - Wallet maintenance fees

Pursuant to arrangement entered with Axis Bank Limited, the Company charges "Relevant cost" as per IGAAP for the PPI / wallet business. Said charge is referred as wallet maintenance fee which is calculated on the basis of expenses incurred by the Company in relation to facilitating wallet transactions and maintenance of related technical platform. Such fee is recognized on accrual basis.

Revenue from technical services

Pursuant to arrangement entered with Axis Bank Limited, the Company has started providing services in relation to development and management of technology products for Axis Bank. The Company will charge Axis Bank in the capacity of Technology Service Provider at a mutually agreed rate w.e.f. October 1, 2019. Such fee is recognized on accrual basis.

Other operating revenue

Revenues from ancillary activities like convenience fee, commission income etc. are recognised upon rendering of services.

Variable consideration

If the consideration in a contract includes a variable amount, the Company estimates the amount of consideration to which it will be entitled in exchange for transferring the goods to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved. Some contracts for the sale of electronics equipment provide customers with a right of return and volume rebates. The rights of return and volume rebates give rise to variable consideration.

i) Rights of return

Certain contracts provide a customer with a right to return the goods within a specified period. The Company uses the expected value method to estimate the goods that will not be returned because this method best predicts the amount of variable consideration to which the Company will be entitled. The requirements in Ind AS 115 on constraining estimates of variable consideration are also applied in order to determine the amount of variable consideration that can be included in the transaction price. For goods that are expected to be returned, instead of revenue, the Company recognises a refund liability. A right of return asset (and corresponding adjustment to change in inventory) is also recognised for the right to recover products from a customer.

ii) Volume rebates

The Company provides retrospective volume rebates to certain customers once the quantity of products purchased during the period exceeds a threshold specified in the contract. Rebates are offset against amounts payable by the customer. To estimate the variable consideration for the expected future rebates, the Company applies the most likely amount method for contracts with a single-volume threshold and the expected value method for contracts with more than one volume threshold. The selected method that best predicts the amount of variable consideration is primarily driven by the number of volume thresholds contained in the contract. The Company then applies the requirements on constraining estimates of variable consideration and recognises a refund liability for the expected future rebates.

(iii) Non-cash consideration

The Company received moulds and other tools from certain customers to be used in manufacturing fire prevention equipment to be sold to them. The fair value of such non-cash consideration received from the customer is included in the transaction price and measured when the Company obtains control of the equipment.

The Company applies the requirements of Ind AS 113 Fair Value Measurement in measuring the fair value of the non-cash consideration. If the fair value cannot be reasonably estimated, the non-cash consideration is measured indirectly by reference to the stand-alone selling price of the fire prevention equipment.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

Interest

For all debt instruments measured either at amortised cost or at fair value through other comprehensive income, interest income is recorded using the effective interest rate (EIR). EIR is the rate that exactly discounts the estimated future cash payments or receipts over the expected life of the financial instrument or a shorter period, where appropriate, to the gross carrying amount of the financial asset or to the amortised cost of a financial liability. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses. Interest income is included in finance income in the statement of profit or loss.

Unbilled revenue

Receivables are generally carried at the original invoiced amount, less an allowance for doubtful receivables where there is objective evidence that balances will not be recovered in full. Unbilled receivables is recognised to the extent for the services not billed at the reporting date.

e. Taxes

Current income tax

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the Company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. Acquired deferred tax benefits recognised within the measurement period reduce goodwill related to that acquisition if they result from new information obtained about facts and circumstances existing at the acquisition date. If the carrying amount of goodwill is zero, any remaining deferred tax benefits are recognised in OCI/ capital reserve depending on the principle explained for bargain purchase gains. All other acquired tax benefits realised are recognised in statement of profit or loss.

f. Property, plant and equipment

Capital work in progress is stated at cost, net of accumulated impairment loss, if any. Plant and equipment is stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. Such cost includes the cost of replacing part of the plant and equipment and borrowing costs for long-term construction projects if the recognition criteria are met. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement if the recognition criteria are satisfied. All other repair and maintenance costs are recognised in profit or loss as incurred. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the respective asset if the recognition criteria for a provision are met.

Contributions by customers of items of property, plant and equipment (such as moulds) which require an obligation to supply goods to the customer in the future, are recognised at the fair value when the Company has control of the item. A corresponding credit to contract liability is made. The Company may agree to deliver one or more services in exchange for the transferred item of property, plant and equipment, such as connecting the customer to a network, providing the customer with ongoing access to a supply of goods or services, or both. The Company identifies the separately identifiable performance obligation included in the agreement.

i) If only one performance obligation is identified, the Company recognises revenue when the service is performed.

ii) If an ongoing service is identified as part of the agreement, the period over which revenue is recognised for that service is generally determined by the terms of the agreement with the customer. If the agreement does not specify a period, the revenue is recognised over a period no longer than the useful life of the transferred asset used to provide the ongoing service.

iii) If more than one separately identifiable performance obligation is identified, the fair value of the total consideration received or receivable for the agreement will be allocated to each service and the recognition criteria of Ind AS 115 are then applied to each service.

Land and buildings are measured at fair value less accumulated depreciation on buildings and impairment losses recognised at the date of revaluation. Valuations are performed with sufficient frequency to ensure that the carrying amount of a revalued asset does not differ materially from its fair value.

A revaluation surplus is recorded in OCI and credited to the asset revaluation surplus in equity. However, to the extent that it reverses a revaluation deficit of the same asset previously recognised in profit or loss, the increase is recognised in profit and loss. A revaluation deficit is recognised in the statement of profit and loss, except to the extent that it offsets an existing surplus on the same asset recognised in the asset revaluation reserve.

An annual transfer from the asset revaluation reserve to retained earnings is made for the difference between depreciation based on the revalued carrying amount of the asset and depreciation based on the asset's original cost. Additionally, accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the net amount is restated to the revalued amount of the asset. Upon disposal, any revaluation reserve relating to the particular asset being sold is transferred directly to retained earnings.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated other wise)

Depreciation is calculated on straight line basis over the estimated useful life as follows

Category of assets	Estimated useful life
Computers and data processing units	3 - 6 years
Office machinery and equipments	5 years
Furniture and fittings	10 years
Mobile devices	2 years
Leasehold improvement	over lease term

The Company, based on technical assessment made by technical expert and management estimate, depreciates certain items of building, plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

An item of property, plant and equipment and any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognised.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

g. Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. The cost of intangible assets acquired in a business combination is their fair value at the date of acquisition. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses. Internally generated intangibles, excluding capitalised development costs, are not capitalised and the related expenditure is reflected in statement of profit or loss in the period in which the expenditure is incurred.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expense on intangible assets with finite lives is recognised in the statement of profit or loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the statement of profit or loss when the asset is derecognised.

h. Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of the asset. All other borrowing costs are expensed in the period in which they occur. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds. Borrowing cost also includes exchange differences to the extent regarded as an adjustment to the borrowing costs.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated other wise)

i. Impairment of non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's ('CGU') fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company's of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to project future cash flows after the fifth year. To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long-term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated other wise)

Impairment losses of continuing operations are recognised in the statement of profit or loss, except for properties previously revalued with the revaluation surplus taken to OCI. For such properties, the impairment is recognised in OCI up to the amount of any previous revaluation surplus.

After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life as estimated by the management.

For assets an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset's or CGU's recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset's recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

j. Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Company expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognised as a separate asset, but only when the reimbursement is virtually certain. The expense relating to a provision is presented in the statement of profit and loss net of any reimbursement.

If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

Onerous contracts

If the Company has a contract that is onerous, the present obligation under the contract is recognised and measured as a provision. However, before a separate provision for an onerous contract is established, the Company recognises any impairment loss that has occurred on assets dedicated to that contract.

An onerous contract is a contract under which the unavoidable costs (i.e., the costs that the Company cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The unavoidable costs under a contract reflect the least net cost of exiting from the contract, which is the lower of the cost of fulfilling it and any compensation or penalties arising from failure to fulfil it.

Provision for bonus

Provision for bonus is recognised on time proportion basis over the period of service

k. Retirement and other employee benefits

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognizes contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognized as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

In accordance with Indian law, the Company provides for gratuity, a defined benefit retirement plan (the "Gratuity Plan") covering all employees. The Gratuity Plan provides a lump sum payment to vested employees on retirement or on termination of employment for an amount based on the respective employee's salary and the years of employment with the Company.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method based on an actuarial valuation performed by an independent actuary.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

Remeasurements, comprising of actuarial gains and losses, excluding amounts included in net interest on the net defined benefit liability, are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the consolidated statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non routine settlements; and
- Net interest expense or income

1. Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial assets

Initial recognition and measurement

All financial assets are recognised initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in four categories:

- Debt instruments at amortised cost
- Debt instruments at fair value through other comprehensive income (FVTOCI)
- Debt instruments, derivatives and equity instruments at fair value through profit or loss (FVTPL)
- Equity instruments measured at fair value through other comprehensive income (FVTOCI)

Debt instruments at amortised cost

A 'debt instrument' is measured at the amortised cost if both the following conditions are met:

- a) The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- b) Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in finance income in the profit or loss. The losses arising from impairment are recognised in the profit or loss. This category generally applies to trade and other receivables.

Debt instrument at FVTOCI

A 'debt instrument' is classified as at the FVTOCI if both of the following criteria are met:

- a) The objective of the business model is achieved both by collecting contractual cash flows and selling the financial assets, and
- b) The asset's contractual cash flows represent SPPI.

Debt instruments included within the FVTOCI category are measured initially as well as at each reporting date at fair value. Fair value movements are recognized in the OCI. However, the Company recognizes interest income, impairment losses & reversals and foreign exchange gain or loss in the statement of profit or loss. On derecognition of the asset, cumulative gain or loss previously recognised in OCI is reclassified from the equity to statement of profit or loss. Interest earned whilst holding FVTOCI debt instrument is reported as interest income using the EIR method.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

Debt instrument at FVTPL

FVTPL is a residual category for debt instruments. Any debt instrument, which does not meet the criteria for categorization as at amortized cost or as FVTOCI, is classified as at FVTPL.

In addition, the Company may elect to designate a debt instrument, which otherwise meets amortized cost or FVTOCI criteria, as at FVTPL. However, such election is allowed only if doing so reduces or eliminates a measurement or recognition inconsistency (referred to as 'accounting mismatch').

The Company has not designated any debt instrument as at FVTPL.

Debt instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit or loss.

Equity investments

All equity investments in scope of Ind AS 109 are measured at fair value. Equity instruments which are held for trading and contingent consideration recognised by an acquirer in a business combination to which Ind AS103 applies are classified as at FVTPL. For all other equity instruments, the Company may make an irrevocable election to present in other comprehensive income subsequent changes in the fair value. The Company makes such election on an instrument-by- instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the OCI. There is no recycling of the amounts from OCI to statement of profit or loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the statement of profit or loss.

Derecognition

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is primarily derecognised (i.e. removed from the Company's balance sheet) when:

- The rights to receive cash flows from the asset have expired, or
- The Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Company has transferred substantially all the risks and rewards of the asset, or (b) the Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Company continues to recognise the transferred asset to the extent of the Company's continuing involvement. In that case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss on the following financial assets and credit risk exposure:

- a) Financial assets that are measured at amortised cost e.g., loans, deposits, trade receivables and bank balance
- b) Available for sale financial assets
- c) Lease receivables under Ind AS 116
- d) Trade receivables or any contractual right to receive cash or another financial asset that result from transactions that are within the scope of Ind AS 18

The Company follows 'simplified approach' for recognition of impairment loss allowance on:

- Trade receivables or contract revenue receivables; and
- All lease receivables resulting from transactions within the scope of Ind AS 116

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition.

For recognition of impairment loss on other financial assets and risk exposure, the Company determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-month ECL is used to provide for impairment loss. However, if credit risk has increased significantly, lifetime ECL is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, then the entity reverts to recognising impairment loss allowance based on 12-month ECL.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial instrument. The 12-month ECL is a portion of the lifetime ECL which results from default events that are possible within 12 months after the reporting date.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the entity expects to receive (i.e., all cash shortfalls), discounted at the original EIR. When estimating the cash flows, an entity is required to consider:

- All contractual terms of the financial instrument (including prepayment, extension, call and similar options) over the expected life of the financial instrument. However, in rare cases when the expected life of the financial instrument cannot be estimated reliably, then the entity is required to use the remaining contractual term of the financial instrument
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECL impairment loss allowance (or reversal) recognized during the period is recognized as income/ expense in the statement of profit or loss. This amount is reflected under the head 'other expenses' in the statement of profit or loss. The balance sheet presentation for various financial instruments is described below:

- Financial assets measured as at amortised cost, contractual revenue receivables and lease receivables: ECL is presented as an allowance, i.e., as an integral part of the measurement of those assets in the balance sheet. The allowance reduces the net carrying amount. Until the asset meets write-off criteria, the Company does not reduce impairment allowance from the gross carrying amount.
- Available for sale financial assets: Since financial assets are already reflected at fair value, impairment allowance is not further reduced from its value. Rather, ECL amount is presented as 'accumulated impairment amount' in the OCI.

For assessing increase in credit risk and impairment loss, the Company combines financial instruments on the basis of shared credit risk characteristics with the objective of facilitating an analysis that is designed to enable significant increases in credit risk to be identified on a timely basis.

The Company does not have any purchased or originated credit-impaired (POCI) financial assets, i.e., financial assets which are credit impaired on purchase/ origination.

Financial liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and derivative financial instruments.

Subsequent measurement

The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Company that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognised in the statement of profit or loss.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied. For liabilities designated as FVTPL, fair value gains/ losses attributable to changes in own credit risk are recognized in OCI. These gains/ loss are not subsequently transferred to statement of profit or loss. However, the Company may transfer the cumulative gain or loss within equity. All other changes in fair value of such liability are recognised in the statement of profit or loss. The Company has not designated any financial liability as at fair value through profit and loss.

Loans and borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in statement of profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Embedded derivatives

An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract – with the effect that some of the cash flows of the combined instrument vary in a way similar to a standalone derivative. An embedded derivative causes some or all of the cash flows that otherwise would be required by the contract to be modified according to a specified interest rate, financial instrument price, commodity price, foreign exchange rate, index of prices or rates, credit rating or credit index, or other variable, provided in the case of a non-financial variable that the variable is not specific to a party to the contract. Reassessment only occurs if there is either a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required or a reclassification of a financial asset out of the fair value through profit or loss.

If the hybrid contract contains a host that is a financial asset within the scope of Ind AS 109, the Company does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract. Derivatives embedded in all other host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in profit or loss, unless designated as effective hedging instruments.

If the hybrid contract contains a host that is a financial asset within the scope of Ind AS 109, the Company does not separate embedded derivatives. Rather, it applies the classification requirements contained in Ind AS 109 to the entire hybrid contract. Derivatives embedded in all other host contracts are accounted for as separate derivatives and recorded at fair value if their economic characteristics and risks are not closely related to those of the host contracts and the host contracts are not held for trading or designated at fair value through profit or loss. These embedded derivatives are measured at fair value with changes in fair value recognised in statement of profit or loss, unless designated as effective hedging instruments.

Reclassification of financial assets

The Company determines classification of financial assets and liabilities on initial recognition. After initial recognition, no reclassification is made for financial assets which are equity instruments and financial liabilities. For financial assets which are debt instruments, a reclassification is made only if there is a change in the business model for managing those assets. Changes to the business model are expected to be infrequent. The Company's senior management determines change in the business model as a result of external or internal changes which are significant to the Company's operations. Such changes are evident to external parties. A change in the business model occurs when the Company either begins or ceases to perform an activity that is significant to its operations. If the Company reclassifies financial assets, it applies the reclassification prospectively from the reclassification date which is the first day of the immediately next reporting period following the change in business model. The Company does not restate any previously recognised gains, losses (including impairment gains or losses) or interest.

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated otherwise)

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

m. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

n. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss attributable to equity holder of company (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the period. Partly paid equity shares are treated as a fraction of an equity share to the extent that they are entitled to participate in dividends relative to a fully paid equity share during the reporting period. The weighted average number of equity shares outstanding during the period is adjusted for events such as bonus issue, bonus element in a rights issue, share split, and reverse share split (consolidation of shares) that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders of the company and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

o. Share Based Payments

The Holding Company provides share based payment schemes to employees of the companies in the group including Freecharge Payment Technologies Private Limited. In accordance with para 43A of Ind AS 102 "Share Based Payments", company accounts for relevant cost in relation to options granted to its employees by the holding company. Cost for such options is recorded at fair value as on date of grant.

p. New and amended standards - Ind AS 116 "Leases"

Effective April 01, 2019, the Company has replaced the earlier lease standard Ind AS 17 Leases. Ind AS 116 sets out the principles for recognition, measurement, presentation, and disclosure of leases for both lessees and lessors.

"The Company as a lessee"

"The Company's lease asset classes primarily consist of leases for buildings. The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease. "

The right-of-use assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the incremental borrowing rates. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment about whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

"The Company as a lessor"

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases.

Freecharge Payment Technologies Private Limited

Notes to financial statements

(All amounts in Rs. lakhs, except per share data and as stated other wise)

When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the rightof-use asset arising from the head lease. For operating leases, rental income is recognized on a straight line basis over the term of the relevant lease.

Transition

Effective April 1, 2019, the Company adopted Ind AS 116 “Leases” and applied the standard to all lease contracts (except short term and low value leases) existing on April 1, 2019 using the modified retrospective method given under paragraph C8(c)(ii) and has measured the Right of use of asset as on the adoption date at amount equal to lease liability (adjusted for any prepayments and accruals).

The Aggregate depreciation expenses on the ROU assests is included under depreciation and amortisation in statement of profits and loss.

For changes in the carrying amount of ROU and lease liabilities refer note 5 and note 14.

14. Share capital

	As at March 31, 2020	As at March 31, 2019
Authorized shares		
1,006,010,000 (March 31, 2019: 1,006,010,000) equity shares of Rs.10 each	1,00,601.00	1,00,601.00
Issued, subscribed and fully paid-up shares		
581,050,000 (March 31, 2019: 581,050,000) equity shares of Rs.10 each fully paid-up	58,105.00	58,105.00
Total issued, subscribed and fully paid-up share capital	58,105.00	58,105.00

(a) Reconciliation of the shares outstanding at the beginning and at the end of the reporting year

Equity shares

	As at March 31, 2020		As at March 31, 2019	
	No of shares	Amount	No of shares	Amount
At the beginning of the year	58,10,50,000	58,105	58,10,50,000	58,105
Issued during the year	-	-	-	-
Outstanding at the end of the year	58,10,50,000	58,105	58,10,50,000	58,105

(b) Terms / rights attached to equity shares

The Company has only one class of equity shares having par value of Rs.10 per share. Each holder of equity shares is entitled to one vote per share. In the event of liquidation of the Company, the holders of equity shares will be entitled to receive remaining assets of the Company, after distribution of all preferential amounts. The distribution will be in proportion to the number of equity shares held by the shareholders.

(c) Shares held by holding / ultimate holding company and / or their subsidiaries / associates

Out of equity shares issued by the Company, shares held by its holding company, ultimate holding company and their subsidiaries / associates are as below:

	As at March 31, 2020	As at March 31, 2019
Axis Bank Limited, holding company	58,105.00	58,105.00
581,050,000 (March 31, 2019: 581,050,000) equity shares of Rs.10 each fully paid-up (refer note 35)		

(d) Details of shareholders holding more than 5% shares in the Company

	As at March 31, 2020		As at March 31, 2019	
	No of shares	Holding percentage	No of shares	Holding percentage
Axis Bank Limited, holding company	58,10,50,000	100.00%	58,10,50,000	100.00%

As per records of the Company, including its register of shareholders / members and other declarations received from shareholders regarding beneficial interest, the above shareholding represents both legal and beneficial ownerships of shares.

(This space has been intentionally left blank)

15. Lease liabilities

	As at March 31, 2020	As at March 31, 2019
Balance as at April 01, 2019	1,937.20	-
Additions during the year		
Finance cost accrued during the year	244.24	-
Payment of lease liabilities	(580.09)	-
Balance as at March 31, 2020		
Total lease liabilities	1,601.35	-
Current	416.89	-
Non-current	1,184.46	-
Total other financial liabilities	1,601.35	-

16. Net employee defined benefits liabilities

	As at March 31, 2020	As at March 31, 2019
Provision for gratuity	318.47	211.96
Provision for compensated absences	287.78	186.22
Total net employee defined benefit liabilities	606.25	398.18
Current	340.81	205.37
Non-current	265.44	192.81
Total net employee defined benefit liabilities	606.25	398.18

In accordance with applicable Indian laws, the Group provides for gratuity, a defined benefit retirement plan ("the Gratuity Plan") covering eligible employees. The Gratuity Plan provides for a lump sum payment to vested employees on retirement (subject to completion of five years of continuous employment), death, incapacitation or termination of employment of amounts that are based on salary and tenure of employment. Liabilities with regard to the Gratuity Plan are determined by actuarial valuation on the reporting date.

The following tables summarises the components of net benefit expense recognised in the income statement and the funded status and amounts recognised in the balance sheet for the plan:

	As at March 31, 2020	As at March 31, 2019
Current Service cost	68.81	42.84
Interest cost on benefit obligation	13.76	9.05
Net benefit expense	82.57	51.89

Changes in the present value of the defined benefit obligation are, as follows :

	Amount in Lakhs
Defined benefit obligation at April 1, 2018	134.46
Current Service cost	42.84
Past Service cost	-
Interest cost on benefit obligation	9.05
Benefits paid	(52.94)
Acquisition	14.17
Actuarial (gains) / losses on obligation	64.38
Defined benefit obligation at April 1, 2019	211.96
Current Service cost	68.80
Past Service cost	-
Interest cost on benefit obligation	13.76
Benefits paid	(37.94)
Acquisition	1.50
Actuarial (gains) / losses on obligation	60.39
Defined benefit obligation at March 31, 2020	318.47

The principal actuarial assumptions used in determining gratuity benefit obligations for the Company's plans are shown below:

	As at March 31, 2020	As at March 31, 2019
Discount rate	5.70%	6.80%
Salary escalation rate	12.00%	12.00%
Withdrawal rate	30%	28.40%

28. Fair values

Set out below, is a comparison by class of the carrying amounts and fair value of the Company's financial instruments, other than those with carrying amounts that are reasonable approximations of fair values:

	Carrying Value		Fair Value	
	As at	As at	As at	As at
	March 31, 2020	March 31, 2019	March 31, 2020	March 31, 2019
Financial assets				
Investments at fair value through profit & loss	352.58	2,650.11	352.58	2,650.11
Other financial assets	2,116.49	1,894.82	2,116.49	1,894.82
Total	2,469.07	4,544.93	2,469.07	4,544.93
Financial liabilities				
Other financial liabilities	-	115.95	-	115.95
Lease liabilities	1,601.35	-	1,601.35	-
Total	1,601.35	115.95	1,601.35	115.95

The management assessed that cash and cash equivalents, trade receivables, trade payables, bank overdrafts and other current liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.

The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

(a) Long-term receivables are evaluated by the Company based on parameters such as interest rates, individual credit worthiness of the customer and the risk characteristics of the financed project. Based on this evaluation, allowances are taken into account for the expected credit losses of these receivables.

29. The Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include, liquidity risk and market risk. The Board provides independent oversight to the effectiveness of the risk management process.

The following sections provide details regarding the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

There has been no change to the Company's exposure to these financial risks or the manner in which it manages and measures the risks.

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including investment securities, cash and short-term deposits), the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Company's objective is to seek continual revenue growth while minimising losses incurred due to increased credit risk exposure. The Company trades only with recognised and creditworthy third parties. In addition, receivable balances are monitored on an ongoing basis with the result that the Company's exposure to bad debts is not significant.

Excessive risk concentration

Concentration arise when a number of counterparties are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions. Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

In order to avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on maintaining a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly.

Exposure to credit risk

The Company's maximum exposure to credit risk for the components of the statement of financial position as of March 31, 2020 is the carrying amounts as disclosed in note 10 (Trade receivables).

Financial assets that are neither past due nor impaired

Trade and other receivables that are neither past due nor impaired are with creditworthy debtors with good payment record with the Company. Cash and short-term deposits and investment securities that are neither past due nor impaired are placed with reputable financial institutions or companies with high credit ratings and no history of default.

Financial assets that are either past due or impaired

Information regarding financial assets that are either past due or impaired is disclosed in note 10 (Trade receivables).

b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. The Company maintains a balance between continuity of funding and flexibility.

The Company assessed the concentration of risk with respect to refinancing its debt and concluded it to be low. Access to sources of funding is sufficiently available.

c) Capital Management

The primary objective of the Company's capital management is to ensure that it maintains an efficient capital structure and healthy capital ratios in order to support its business and maximise shareholder value.

The Company monitors capital using a gearing ratio, which is net debt divided by total capital plus net debt. Net debt is calculated as loans and borrowings less cash and cash equivalents.

(This space has been intentionally left blank)

Freecharge Payment Technologies Private Limited**Notes to financial statements****(All amounts in Rs. lakhs, except per share data and as stated other wise)****30. Earnings/(Loss) per share (EPS)**

Basic EPS amounts are calculated by dividing the profit for the year attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year.

Diluted EPS amounts are calculated by dividing the profit attributable to equity holders of the Company by the weighted average number of Equity shares outstanding during the year plus the weighted average number of Equity shares that would be issued on conversion of all the dilutive potential Equity shares into Equity shares.

The following reflects the income and share data used in the basic and diluted EPS computations:

	As at March 31, 2020	As at March 31, 2019
Profit for the year attributable to equity share holders of the Company (A)	3,095.01	(9.02)
Weighted average number of equity shares in calculating basic and diluted EPS (Nos) (B)	58,10,50,000	58,10,50,000
Basic and diluted loss per equity share (Rs.) (A/B)	0.53	(0.00)

31. Segment information

The Company's primary business to provide, promote, develop, design, set-up, maintain, operate, market and carry on the business of all types of physical, electronic and virtual payment system services, e-wallets, mobile wallets, pre-paid instruments, whether open, closed, semi-closed, cash card, payment gateways service. Accordingly, there are no other reportable business or geographical segments to be disclosed as per notified Ind AS - 108 "Operating Segments".

32. Commitments and contingencies**a. Contingent liabilities**

Contingent liabilities as at March 31, 2020 :Rs. Nil (March 31, 2019: Rs Nil)

b. Capital commitments and other commitments

At March 31, 2020, the Company has commitments of Rs. 0.12 lakhs (March 31, 2019: Rs Nil) net of advances relating to capital contracts.

36. Employee stock option plan

The Holding Company provides share-based payment schemes to employees of the Company and its subsidiaries. During the year ended March 31, 2020, an employee stock option plan (ESOP) was in existence. The relevant details of the scheme and grant are as below.

Since the financial year 2000-01, the Holding Company has formulated and adopted Employee Stock Option Schemes (ESOS) for the benefit of the eligible Employees of the Bank and that of its subsidiary companies, in terms of the Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 / the Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014, as amended. The objective of the said ESOS is to enhance employee motivation, enable employees to participate, directly or indirectly, in the long-term growth and financial success of the Holding Company, to act as a retention mechanism by enabling employee participation in the business of the Bank as its active stakeholder and to usher an 'ownermanager' culture.

The net compensation expense arising from equity settled share based payment transaction is March 31, 2020 Rs. **93.22** (March 31, 2019 Rs. Nil)

The relevant terms of the grant are as below:

Vesting period	3 years
Exercise period	0.25-5 Years
Exercise price (Rs /-)	Rs 469.9 - 757.1

The details of activity under the ESOS Scheme 2000 01 is as follows:

	March 31, 2020	
	No. of options *	Weighted average exercise price
Outstanding at the beginning of the year	3,27,000	623.29
Granted during the year	-	-
Forfeited during the year	1,53,800	667.07
Lapsed during the year	-	-
Exercised during the year	1,01,200	502.98
Outstanding at the end of the year	72,000	698.90
Exercisable at the end of the year	26,800	657

*includes the options granted to employees prior to their transfer to the Company from other group companies.

Particulars	Amount
Unhedged foreign currency payable	Nil (March 31, 2019: Rs 8.26 lakhs (USD 11,944 @Closing rate of 1USD = Rs 69.1713))

39. Update on Merger

On March 27, 2018, the Board of Directors approved a Composite Scheme for Amalgamation (the Scheme) of Accelyst Solutions Pvt. Ltd (ASPL), a wholly owned subsidiary of Axis Bank Limited, into and with Freecharge Payment Technologies Pvt. Ltd. (FCPTL). Upon approval of the Scheme, FCPTL would issue shares to the shareholders of ASPL on the basis of share swap ratio as described in the Scheme against the assets, liabilities, licenses, business, etc. that will be transferred by ASPL. The appointed date for the amalgamation is October 7, 2017 and the effect of merger will be given in the books from this date. Due to change in registered office address of FCPTL, the said scheme was later modified vide board resolution dated May 8, 2018 to incorporate the new registered office address.

On June 1, 2018 an application {CA(CAA)-103(ND)/2018} to approve the Scheme was filed with the National Company Law Tribunal, New Delhi. By an order dated July 30, 2018, the NCLT directed company to convene meeting of unsecured creditors and equity shareholders on September 10, 2018 and September 16, 2018 respectively to seek their consent on the Scheme. The order also provided for various matters related thereto e.g. publication to notice, appointment of chairman & Scrutinizer, notice to statutory authorities etc. At the meeting held on aforesaid dates, the Scheme was approved by Unsecured creditors and shareholders with requisite majority and, on September 28, 2018 company filed a final Petition in NCLT, Delhi for the approval of Scheme.

Thereafter by an order dated November 26, 2018 NCLT fixed date of hearing for December 10, 2018 and directed the company to give notice to all authorities and publish newspaper notice of hearing. All such directions were duly complied with. On December 10, 2018 the hearing was deferred for Jan 28, 2019. Since then, hearing has been adjourned to different dates.

Meanwhile on May 13, 2019, the Company filed an application in NCLT for amendment in Scheme due to change in registered office of ASPL and FCPTL. After the final hearing in the matter, on October 22, 2019 the NCLT sanctioned the Scheme and approved the appoint date of October 7, 2017. The certified copy of the order was received by Freecharge on October 30, 2019 and also filed the same with Ministry of Company Affairs in prescribed form INC-28 on November 22, 2019.

However, in case of ASPL, while sanctioning the scheme NCLT, Mumbai amended the appointed date of amalgamation as mentioned in the scheme from October 7, 2017 to April 1, 2018. Since the Scheme filed by the FCPTL was already approved by NCLT, Delhi with appointed date of October 7, 2017, the order of NCLT, Mumbai sanctioning the scheme cannot be implemented due to discrepancy in appointed date. Therefore, the ASPL has decided to file a modification application in NCLT, Mumbai to amend the appointed date from April 1, 2018 to October 7, 2017 as originally mutually decided by FCPTL and ASPL and as mentioned in the scheme of amalgamation. The said modification application was ready however due to nationwide lockdown announced by Govt. of India in wake of outburst of pandemic Covid-19, the said application could not be filed. The same will be filed as soon as the lockdown is lifted and registry of NCLT start functioning.
