CUSTOMER IDENTIFICATION POLICY

AXIS Bank's customer identification policy for NRIs/PIO's strives to put in place sufficient and reasonable checks and documentation processes to establish the identity, location and NRI/PIO status of the customer. At prerelationship level the Bank relies mainly on documents for establishment of customer credentials ahead of setting up a Banker-Customer relationship with a prospect. The Bank's customer identification documents at point of acceptance are intended to verify/substantiate the following basic details relating to a new customer.

1). Verification of identity 2). Verification of address 3). Verification of signature 4). Verification of NRI/PIO status

Accordingly, the following documents are required from new NRI/PIO customers at the time of signing up as a customer of the Bank using a remote channel (where the customer opens an account without having a face to face interaction with one of the Bank's officers)

Non Resident Indians (NRI)			PIO/OCI
