	a. Single Life without Death Benefit: This variant provides annuity for life till death of the annuitant. Death benefit is not applicable under this variant.
	b. Joint Life without Death Benefit: This variant provides annuity for life till death of last survivor. Death benefit is not applicable under this variant.
	c. Single Life with Death Benefit: This variant provides annuity for life till death of the annuitant with return of proportion of Total Premiums Paid on death. The proportion can vary from 25% to 100% (in multiples of 25%) and has to be chosen at inception only.
	d. Joint Life with Death Benefit: This variant provides annuity for life till death of last survivor with return of proportion of Total Premiums Paid on first death and the remaining Total Premiums Paid shall be payable upon second death. The proportion can vary from 0% to 100% (in multiples of 25%) and has to be chosen at inception only.
	It shall be noted that in case of first death during the first five policy years, the annuity shall continue till death of the last survivor, thereafter, 100% of the Total Premiums Paid shall be payable upon second death and policy terminates.
	2. Immediate Annuity with chosen proportion of Annuity to Last Survivor: Following sub-variants are available under this variant:
	a. Joint Life without Death Benefit: A fixed annuity amount, guaranteed at policy inception, shall be payable in arrears till both the annuitants are alive. On first death of either of the annuitants, annuity payable to the last survivor shall be revised to the chosen annuity multiple times (either 50% or 110%) the annuity payable at inception. No death benefit shall be payable.
	b. Joint Life with Death Benefit: A fixed annuity amount, guaranteed at policy inception, shall be payable in arrears till both the annuitants are alive. On first death of either of the annuitants, annuity payable to the last survivor shall be revised to the chosen annuity multiple times (either 50% or 110%) the annuity payable at inception. On death of the last survivor, 100% of the Total Premiums Paid shall be payable and policy will terminate.
	3. Immediate Annuity with Early Return of Premium: This variant is available for Single Life with Death Benefit Only. In this variant, the policyholder has a flexibility to take early return of either 50% or 100% of Total Premiums Paid upon survival till the chosen milestone age and 100% of Total Premiums Paid less benefit already paid at the milestone age, if any, shall be payable to the nominee on death of the annuitant. The milestone age can be opted amongst 70/75/80/85 years of Age (last birthday). The proportion of Total Premiums Paid (i.e.50% or 100%) and milestone age has to be chosen at inception of the policy.

Features Max Life Smart Wealth Annuity Guaranteed Pension Plan

4. Immediate Annuity for Guaranteed Period and Life thereafter: This option is available for Single Life without Death Benefit only. In this variant, policyholder can choose the guaranteed period of 5/10/15/20 years at inception of the policy. The annuity under the policy shall continue till the end of guaranteed period or till the death of the annuitant, whichever is later.

On death of the annuitant after the guaranteed period (as opted at inception), the policy will terminate without any further benefit payout.

- 5. Increasing Immediate Annuity: Following sub-variants are available under this variant:
 - **a. Single Life Increasing Annuity Each Year with Death Benefit:** In this variant, the policyholder can choose the % of increase in annuity from 1% to 6% (in multiples of 1) at inception of the policy.
