The Pledge applies to all employees. If you become aware of a situation that is inconsistent with this Pledge, you have an obligation to report it to your supervisor or to the Chief Ethics Officer.

II. Preamble

This Code of Conduct and Ethics is a statement of the Bank's commitment to integrity and the highest standards of ethical practices. It defines the standards of conduct that is expected of all employees in order that the right decisions are taken in performing their roles and responsibilities across various functions in the Bank. The Code is intended to be the charter for day-to-day work to enable employees to make the right decisions and, therefore, serves to (1) underline the fundamental commitment to compliance with regulatory guidelines and laws of the land (2) set forth basic parameters of ethical and acceptable social behaviour (3) establish a system for detection and reporting of known or suspected ethical or violations of regulation.

The Bank's core values have been articulated as: **Customer Centricity, Ethics, Transparency, Teamwork** and **Ownership** and these define the manner in which we deal with various stakeholders as outlined below.

- a. Customers. Apart from ensuring that the banking services provided to customers are simple and reliable, the most important attribute in the Bank's core values is "doing what is right for the customer". In other words, it must be the endeavour of all employees in the Bank to always act in the best interest of the customer. This would translate into acting in a completely transparent manner with customers, providing them with the right advice/information about products and services as well as rendering assistance in case of need. The banking services shall be in compliance with all the laws and applicable statutory and regulatory guidelines, rules, circulars issued in this regard.
- b. Employees. Employees are a valuable part of the Bank's infrastructure and in order to ensure that they will always do what is right for the customer, it is important that they are equipped with adequate job-skills. The Bank's endeavour is to ensure that knowledge of compliance, regulatory and legal aspects relating to banking services are provided to employees.

Another aspect of the Code of Conduct and Ethics for employees relates to public conduct, interactions with external entities, including the media and dealings with colleagues. From the standpoint of creating a culture of cooperation and cohesion, it is also important for us to instil in our employees a sense of pride and the essence of teamwork.

- c. Shareholders. Shareholders are one of our most important constituents and it is our responsibility to provide them with regular disclosure and information about the Bank that is accurate, transparent and intended to be in the public domain.
- d. Regulators. Compliance with regulation constitutes one of the main attributes of the Code of Conduct and Ethics. It is the Bank's endeavour, as stated above, to ensure that employees of the Bank have knowledge of compliance requirements and that they are vigilant in preventing breaches in this regard.

The Code applies to employees of the Bank and to its offices overseas. Several of the policies (Insider Trading Guidelines, Business Gift Policy, Employment of Relatives, Anti-Money Laundering Policy, Sexual Harassment Policy, Whistleblower Policy, Policy of Code of Right Sell, Dress Code Guidelines etc.,) are comprehensively detailed in separate policy documents, which have been approved by Management Committees, Committees of the Board or by the Board of the Bank. The rules and principles set forth in this code are general in nature and the compliance with the code shall be ensured to be read with other applicable Bank's policies & procedures and the applicable laws of land wherever the Bank operates. Employees are therefore expected to understand the standards of the Code of Conduct as well as the respective local laws.

Application of the Code

It is the responsibility of all employees to fully read this Policy as well as all the other policies listed above in order to remain aware at all times of the procedures, regulations and other requirements that are relevant or pertinent to each one's business or function. If there are instances where an entity of the Bank (e.g. an overseas branch) has drawn up policies necessitated by local regulation and if such policies differ from the Bank's policies governing the same issue, the more conservative/stringent of the two policies shall prevail. The process for seeking clarifications relating to any of these policies or particular issues that one may encounter, which may not be spelt in the policies is outlined below.

i) Seek Guidance

The Code and other related policies cannot anticipate every issue in granular detail. Answers to questions involving ethical considerations are often neither easy nor clear-cut. You should understand and abide by both the spirit and the letter of the policies and standards in the Code. Some key aspects that you should keep in mind are:

- Ensure that you have all the facts.
- Where there is shared responsibility, discuss the issue with the other colleagues involved.
- A basic responsibility is to discuss the problem with your supervisor.

However, in case you are uncomfortable discussing the matter with your immediate supervisor, discuss it with your Department Head, Unit Head/Branch Head or the Ethics Officer.

(The Whistleblower Policy has also detailed the process for referring matters to designated officials/bodies).

In case of an issue that appears ambiguous, ask yourself if your action is consistent with the Code or other policies.

ii) Raising Concerns and Reporting Violations

Inappropriate, wrongful or unethical behaviour by any employee, supervisor, customer, supplier or other third-party can significantly compromise the reputation of the Bank. Such issues must, therefore, be reported immediately. It is your responsibility, therefore, to report concerns or questions relating to unethical behaviour, malpractices or apparent violations of law and regulation that you perceive in your workplace. If such behaviour appears to be in conflict with this Code, you must promptly inform the following officials or entities.

- Supervisor, Unit Head or the Department Head as appropriate
- Human Resources representative
- Designated contacts under a specific policy or procedure
- Whistleblower Committee
- Ethics Officer of the Bank

No action will be taken against anyone for reporting ethical violations in good faith, or participating or assisting in the investigation of a suspected violation of the Code of Conduct. Any act of retaliation against a person who reports such transgressions, malpractices etc. would tantamount to a violation of the Code of Conduct and Ethics of the Bank.

III. Ethical Code and principles

The Code of Conduct & Ethics also sets out ethical code, principles and addresses the key issues/ethical dilemmas that employees are likely to meet in the course of their duties. Employees are trusted to use good judgement in their day-to-day activities and to seek further information or assistance when they need it.

The Code of Conduct & Ethics applies to all employees, including the Senior Management of the Bank and its offices overseas.

All the stakeholders of the bank are required to comply with all necessary and mandated Statutory as well as regulatory guidelines (including labour laws, EPF/ESIC declaration, Child Labour Prohibition and Abolition Act, etc), Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013 etc. Vendors specifically, are required to comply with all approvals/licenses/permissions under the Contract Labour (Regulation and Abolition) Act 1970, and all applicable central, state and local bye laws, ordinances, regulations and codes in performing its obligations including the procurement of licenses, permits, certificates and payment of taxes wherever required. The Service Provider shall provide, as and when demanded, a certificate from its external CA certifying that he/she had complied with statutory compliances, labour regulations and requirements including payment of challans for tax payments i.e., Provident Fund, other statutory dues, etc.

All stakeholders of the Bank are required to comply with all of the applicable laws, rules and regulations of India and other countries, and the states, counties, cities and other jurisdictions

in which the Bank conducts its business. Local laws may in some instances be less restrictive than the principles set forth in this Code. In those situations, stakeholders should comply with the Code, even if the conduct would otherwise be legal under applicable local laws. On the other hand, if local laws are more restrictive than the Code, stakeholders should comply with applicable local laws. Further, any provision of this Code that is contrary to law in a particular jurisdiction will have no force or effect in that jurisdiction solely with respect to such provision(s), although this Code (including any such provision) will remain applicable in all other jurisdictions.

Consistent with our core values, we list below our:

a. Ethical Code:

- We abide by the Bank's code of conduct & ethics
- We are just and fair in our dealings

- **Gifts & Entertainment:** As an organization, we have an ethical Gifts Policy and all employees are required to strictly follow the guidelines of the 'Business Gift Policy' of the Bank. Refer to Section VII.
- **Fair Dealing and Responsibilities to Customers:** We must deal fairly with the Bank's customers, vendors, service providers, stakeholders and others with whom we interact while at work. We should refrain from taking undue advantage by manipulating/concealing/misrepresenting facts, misusing confidential information or any other unfair practices. Refer to Section II(a).
- **Accountability:** Ethics and values must not get side-tracked in pursuit of any goal. There should not be any compromise on due diligence and complying with KYC norms.
- **Trust & Reputation:** Trust is the foundation of banking. As bankers, through trust we add value to our customers. Any unethical act compromises this trust and brings down the reputation. Each individual unethical act is against the institution and is against all of us. As an employee of Axis Bank, guarding the reputation of the Bank should be our prime focus.
- **Saying No:** Having a strong relationship with our customers also means having the ability to say no, especially when in doubt about individuals who are using financial systems for their non-compliant transactions.
- **Citizenship:** One must continue to nurture Axis with honour. Guarding the ethos of Axis Bank also means our important role in reporting any act of misdemeanor observed.
- **Doing Right at All Times:** Finally, one must understand that no business or customer is more important than our responsibility to do right at all times.

Obligation as an Employee of the Bank:

As an employee of the Bank, you may gain access to Unpublished Price Sensitive Information (UPSI) relating to the Bank and/ or that of its Listed Client Company (LCC) of the Bank i.e. companies who conduct business with the Bank. CONFLICT OF INTEREST

V. Conflict of Interest

All employees are required to maintain the highest levels of professional and personal integrity to avoid situations in which an individual's personal interest may conflict or appear to conflict with either the interest of the Bank or that of our stakeholders. Conflict of interest issues may arise in dealings between employees and vendors, employees and customers, employees and counterparties/other entities, employees and their acquaintances and also employees and relatives. A conflict of interest arises when any dealing with any of the entities named above may appear to be influenced by your relationship with them. Such relationships may impair an objective or impartial assessment of the dealing/transaction and may not, therefore, be in the best interest of the Bank. It may even result in a financial/non-financial gain to the employee, his family member or acquaintance. Some examples of situations where conflict of interest may arise are (the list is not exhaustive):

- a. Accepting engagement outside the Bank that may benefit you in any manner.

All the employees of the Bank shall annually declare the names of all relatives working in the bank and its subsidiaries. This information shall also be called for from new recruits at the time of joining.

If you believe you have a conflict of interest, or may be perceived to have such a conflict, you must disclose this to your Department Head, Human Resources representative or Ethics Officer.

*“Relative” has been defined in the Bank’s Circular on employment of relatives dated June 3, 2013. Employees are required to disclose as per said guidelines.

(Refer latest “Code of Conduct for Prevention of Insider Trading” and “Business Gift” policy as uploaded in myConnect.)

VI. Promoting Ethical Practices

It is critical to the Bank’s reputation that the actions of the organization and of its employees are seen to be appropriate and ethical. We should, therefore, review our business activities, sales practices, product features, potential conflicts of interest and aspects that may be frowned upon from a governance standpoint and affect the reputation of the Bank. Each line of business is responsible for knowledge of the laws and regulations that apply to its businesses, communicating necessary information to employees and maintaining an appropriate compliance program.

The following sections outline some key requirements:

i) Equal Opportunity

Axis Bank is an Equal Opportunity Employer and employment decisions are based on merit and business needs. We do not discriminate on the basis of sex, color, race, ethnicity, economic status, social status, marriage and civil partnership, religion and belief, sexual orientation, disability, pregnancy and/or paternity/maternity status. We value diversity and believe that a diverse workplace builds a competitive advantage.

We are committed to fostering a work environment in which all individuals are treated with respect and dignity. Each individual should be permitted to work in a business-like atmosphere that promotes equal employment opportunities. If you believe that you have been discriminated against, harassed or have not been given equal opportunities at work, you are encouraged to submit a complaint to:

- Your manager
- Your Skip-level manager
- Human Resources
- whistleblower@axisbank.com
- POSH@axisbank.com, if you believe you have been sexually harassed

ii) Fair Practices

All employees shall endeavour to deal fairly with the Bank's customers, suppliers, competitors and colleagues and not to take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any other unfair dealing practice. Employees are committed to provide services to all our customers and ensure that our clients are given the right products as well as services as per their needs. We should act fairly and reasonably in all our dealings with customers by meeting the commitments and standards in this Code, for the products as well as services offered by the Bank, as per the procedures.

(Please refer Circular no. Circular/Compliance/5/2013-14, Circular/RLIP/1/2017-18 and Code of Right Sell for liability & Investment products)

iii) Anti-Corruption and Bribery

We have zero tolerance towards all forms of bribery and we should be especially sensitive to this aspect in our dealings with the various entities that we come in contact with. In particular, the Bank prohibits offering, promising, giving or authorizing others to give anything in excess of a certain value*, either directly or indirectly, to any person or entity. Under no circumstances may you offer, promise or grant anything of value to anyone for the purpose of influencing the recipient. Payments made indirectly through any intermediary or other third party are subject to the same restrictions.

*Value has been determined by the Bank at INR 6,000 / USD 100 in terms of its Business Gift Policy (Refer latest "Business Gift" policy as uploaded in myConnect.)

iv) Compliance with Regulation relating to KYC and Money Laundering

Compliance with regulation relating to KYC and Money Laundering has a critical bearing upon the quality and integrity of the Bank's operations and strict adherence to regulatory guidelines is a pre-requisite that cannot be compromised. Towards that end, it is essential that you exercise utmost diligence in establishing the antecedents of our customers at the stage of on-boarding and that appropriate oversight is maintained upon the operations in customers' accounts for detecting suspicious transactions.

(Refer latest "Policy on Anti-Money Laundering Standards / Know Your Customer (KYC) Norms/ Combating of Financing of Terrorism (CFT)" policy as uploaded in myConnect.)

v) Inappropriate Sales and Customer Commitment

Inducing a customer for purchasing an unnecessary product or indulging in "mis-selling" for the purpose of achieving budgetary targets is an unacceptable practice that not only affects the customer adversely but also results in an erosion of the Bank's credibility and reputation. It is, therefore, in contradiction of our objective of being a customer-centric organization. You should help customers achieve an informed decision based upon his requirements, the products most appropriate for fulfilling those needs and the customer's profile. Since the Bank acts in an advisory role for sale of third party products, it is imperative that we satisfy the customers' needs by suggesting the right product mix, depending on their risk profile and financial needs.

It is trust, satisfaction and loyalty of our customers that will help create sustainable businesses for the Bank. Understanding customers' needs should, therefore, be integral to the way we undertake business and provide service in the Bank.

(Refer latest "Policy on Code of Right Sell" policy as uploaded in myConnect.)

vi) Gaming

Gaming is defined as the manipulation, misrepresentation or both, of sales or sales reporting in an attempt to receive compensation or to meet sales goals. Any form of gaming, indulged in, for receiving compensation or to meet sales goals etc. is prohibited. Gaming issues may arise in but are not limited to the following categories of activities.

- a) **Reclassification or Transfer:** Reclassifying or transferring existing business should not be viewed as an actual sale and should not result in sales credit, unless the reclassification or transfer is part of a specific product program
 - Is a general strategy of the Bank.
 - There is a clear benefit to the customer who has provided an express agreement.
- b) **Discounts or customer incentives:** It is not appropriate for you to supplement standard discounts or customer incentives by substituting your own personal funds, including your salary or incentive income, to complete a sale or earn a higher commission by recording a cross-sell.
It is inappropriate to pay a fee, such as a credit card fee, or fund a deposit account on behalf of a customer to complete a sale.

- c) Sales referrals: Only valid sales referrals made by the team member seeking the credit may be submitted to meet sales goals or receive credit under sales incentive programs. Valid referrals typically require team members to have spoken directly with the customer about a specific product or a referral to a different business unit and to have gained the customer's agreement for that product or referral.

vii) Undue Influence

It is not appropriate for you to influence, or attempt to influence, anyone for the purpose of having him or her handle a transaction or process in a way that results in an improper personal benefit to you, your friends, relatives, or even to that particular team member. Such improper benefit may result from using a relationship (whether personal, social, or professional) to prevail upon another person, such as a colleague, vendor, or someone who reports to you, to do something for you that is outside the scope of standard business practice.

viii) Handling Business Opportunities

You should not take advantage of opportunities that rightly belong to the Bank. For instance, you should not:

- Divert business from the Bank for personal benefit.
- Receive a commission or fee for a transaction you have conducted for the Bank (other than compensation or incentives, if any, paid by the Bank).
- You may not refer a customer whose credit application was denied by the Bank to another financial institution/entity for funding.

ix) Lending Transactions

No employee shall grant on behalf of the Bank any loan or advance to himself/herself or his/her spouse, a Joint Hindu Family of which he/she or his/her spouse is a member or a partnership with which he/she or his/her spouse is connected in any manner or a Trust in which he/she or his/her spouse is a Trustee, or a private or public limited company, in which he/she or his/her spouse hold substantial interest. (Substantial interest as defined in clause of Section 5 of the Banking Regulation Act 1949).

No employee shall grant on behalf of the Bank any loan or advance to (a) a family member; (b) an individual who is the guarantor of a family member or an individual who is a partner in business of a family member; (c) a Joint Hindu Family in which a family member is a member; (d) a firm in which a family member is a partner, manager or guarantor; and (e) a company in which a family member holds substantial interest or is interested as director manager or guarantor, without prior permission of the Bank.

x) Vendor Management

We expect vendors to comply with all the applicable laws, rules, regulations, contractual agreements and generally recognized standards. Where vendors have an existing Code of Conduct or similar policy in place, it is expected that they follow their own code in addition to the clauses mentioned in this Code. Following are some of the areas, though not exhaustive, which our stakeholders should adhere to in their dealings with the Bank:

a) Human Rights and Labour Standards

No Loans shall be disbursed to suspended officers. No further disbursements will be made during the period of suspension in respect of loans that are partially disbursed. In case of existing loans, instalments shall be recovered at 50% during the first six months of suspension and 75% thereafter during the period of suspension.

Where the officer is fully exonerated by the Disciplinary Authority, the period of suspension in such cases shall be treated as a period spent on duty and the officer will be reimbursed in full his salary and allowances from the date of suspension. In this case, all administrative recoveries such as loan recoveries will also be effected in full.

In all other cases and where the officer is not subjected to the penalty of dismissal, the period spent under suspension shall be dealt with in a manner as may be decided by the Disciplinary Authority.

An officer may appeal to the Appellate Authority against the order of suspension within 21 days from the date of receipt of the order.
