HISTORY

The Bank began its operations on 2 April 1994 as one of the first private sector banks established under guidelines issued in 1993 by RBI in line with the Government's policy to reform India's financial sector. The Bank's entire initial equity capital of Rs. 1 billion was contributed by UTI-I (previously Unit Trust of India). Subsequently, LIC contributed Rs. 75 million and GIC, together with four Government-owned general insurance companies, contributed Rs. 75 million.

The Bank's equity capital was subsequently increased from Rs. 1.15 billion to Rs. 1.32 billion through an Initial Public Offering in September 1998. The Bank issued 15 million equity shares and UTI-I made a simultaneous Offer for Sale of 20 million equity shares. The Bank's equity shares are listed on the NSE, the BSE and the ASE. In March 2005, the Bank issued 43.49 million Global Depository Receipts (**GDRs**) to overseas investors and raised Rs. 11.22 billion (including its Green Shoe option). Each GDR represents one equity share of the Bank and was issued at a price of U.S. \$5.91. The GDRs are listed on the London Stock Exchange. RBI issued guidelines on January 25, 2006 and July 21, 2006 on raising capital by banks in India *inter alia* through Innovative Perpetual Debt Instruments for inclusion as Tier 1 capital and Debt Capital Instruments qualifying for Upper Tier II capital. The Bank raised Hybrid Tier I capital amounting to U.S. \$46 million in foreign currency and Rs. 2,140 million in domestic currency in the fiscal year 2007. In fiscal year 2007, the Bank also raised Upper Tier II capital amounting to U.S. \$ 150 million in foreign currency and Rs. 3,075 million in domestic currency.

In July 2007, the Bank raised Tier I Capital in the form of equity capital through simultaneous offerings in the form of a follow-on GDR issue, a Qualified Institutional Placement (**QIP**) and a preferential allotment of equity shares to the promoters of the Bank. The Bank raised U.S.\$ 218.06 million through the allotment of 14.13 million GDRs, each representing one equity share of the Bank at a price of U.S.\$ 15.43 per share. The Bank also raised Rs. 17,524 million by issuing 28.26 million equity shares under QIP and Rs. 19,031 million by issuing 30.70 million equity shares under preferential allotment of equity shares to promoter entities. As a result, the Bank raised an aggregate equity capital of Rs. 45,343 million under GDR / QIP and the preferential offer. In addition, the Bank has also raised Rs. 2,431 million (equivalent to U.S. \$ 60 million) as Upper Tier II Capital.

The Bank obtained its certificate of incorporation on December 3, 1993 and its certificate of commencement of business on December 14, 1993. Its first branch was opened at Ahmedabad in April 1994. The Bank was renamed as "Axis Bank Limited" and the certificate of incorporation consequent to the name change was obtained on July 30, 2007.

The Bank at present has three wholly owned subsidiaries namely (i) Axis Private Equity Ltd. (ii) Axis Sales Limited and (iii) Axis Trustee Services Ltd.

(i) Axis Private Equity Ltd.

Axis Private Equity Ltd. (formerly UBL Asset Management Company Ltd.) was incorporated as a wholly owned subsidiary of Bank on October 3, 2006 and received Certificate of Commencement of Business on December 4, 2006. The paid-up capital of Axis Private Equity as on March 31, 2008 was Rs.150 million. Axis Private Equity has been formed primarily to carry on activities of managing (directly or indirectly) investments in Venture Capital Funds and off-shore funds. Axis PE established a domestic venture capital fund focused on India Infrastructure sector called Axis Infrastructure Fund 1 (AIF 1) with a corpus of INR 6 B. Axis PE is the investment manager for AIF 1.

(ii) Axis Sales Limited

Axis Sales Limited (formerly UBL Sales Limited) was incorporated in India, as a wholly owned subsidiary of the Bank on December 6, 2005 and received its certificate of commencement of business on May 2, 2006. The paid up capital of the company as on March 31, 2008 was Rs. 100 million.

The primary objective of Axis Sales Ltd. is to market financial products with optimization of sales productivity, minimization of cost along with bringing greater focus on process adherence and quality of acquisition. Axis Sales commenced its operations in August 2006 with marketing of credit card and retail loan products of the Bank. During fiscal 2007 Axis Sales began marketing of Electronic Data Capturing (EDC) machines of the Bank to merchants as well as marketing motor vehicle loan of the bank.

(iii) Axis Trustee Services Ltd.

Axis Trustee Services Ltd. was incorporated as a wholly owned subsidiary of the Bank on May 16, 2008 and received Certificate of Commencement of business on September 30, 2008. The company envisages rendering services of Debenture Trustee, Security Trustee, Securitisation Trustee, Monitoring Agency, Trustees to Venture Capital Fund (VCF), MFs and Sectoral Funds of various AMCs.

Strengths

The key features of the Bank's growth have been:

- Sustained growth in net interest and fee income, reflecting the stable nature of the Bank's core earning streams;
- Sustained push in retail banking through a widespread distribution network and through the growth of the Bank's product and customer base;
- Continued focus on improvement in asset quality through disciplined credit risk management;
- Advanced use of technology for delivery of products and services with uniform speed and quality across branches;
- Enhanced cost efficiency by leveraging technology that is continuously upgraded; and
- Attraction and retention of skilled human resources.

Strategy

The key elements of the Bank's business strategy going forward are to:

➤ Increase the Bank's market-share in India's expanding financial services industry through a continued focus on the retail financial services sector.

The Bank aims to achieve this by providing banking convenience to customers and by offering differentiated products to meet the specific needs of disparate customer segments. The Bank is sensitive to such product differentiation and the Bank's management believes that such customer-specific orientation will strengthen its future profitability.

➤ Improve profitability through emphasis on core income streams such as net interest income and fee-based income.

The Bank intends to achieve this by expanding its distribution network and alternate delivery channels such as internet banking aimed at the acquisition of low and/or non-interest bearing savings bank and current account deposits.

➤ Sustain its focus on improvements in loan and investment portfolio quality.

The Bank aims to achieve this through rigorous credit and risk appraisal, sound treasury management, product diversification and strong internal controls.

➤ **Continuously upgrade the Bank's information technology systems.**

The Bank aims to maintain a scalable computing infrastructure backed by a robust network architecture which delivers service across multiple channels for customer convenience and cost reduction through operational efficiency. In order to retain a competitive edge, the Bank's information technology department ensures that the Bank's technology is continuously upgraded.

➤ **Engage in new initiatives such as wealth management.**

The Bank intends to increase its range of services so as to enable the Bank to advise and cross-sell third party products to high net worth customers.

➤ **Increased lending to SMEs and agricultural clients.**

The Bank intends to achieve this through a network of rural and semi-urban branches supported by organizational reinforcement in the form of SME cells and agriculture clusters.

➤ **Strengthening of the international remittance business.**

The Bank aims to achieve this through tapping the high-volume remittance business in the Persian Gulf by utilising its current strategic alliances with various banks and exchange houses in that region. The Bank intends to forge many more alliances of this nature in other geographic regions so as to enable the Bank to become a significant player in this business.

➤ **International presence.**

With the global integration of the Indian economy and the consequent two way flow of funds and services, the Bank has identified international banking as a key opportunity to expand the skills and strengths built in its domestic operations by establishing presences at strategic international financial hubs in Asia. The first overseas branch of the Bank opened in Singapore in April 2006, then a branch in Hong Kong and a representative office in Shanghai commenced operation during the year 2006-07. In addition, the Bank has also set up a branch in DIFC, United Arab Emirates (UAE) in early April 2007. The Bank's presence in these locations, through which the bulk of the business in Asia gets routed, enables the Bank to provide a wide range of financial services and provides the opportunities to tap into the international investment banking markets.

Total deposits have grown from Rs. 587.86 billion as of 31 March 2007 to Rs. 876.26 billion as of 31 March 2008, with demand deposits (savings bank and current account) increasing significantly by Rs. 165.97 billion during the same period. As of September 30, 2008 the total deposits stood at Rs. 1,028.85 billion, with demand deposits contributing 40.27 per cent to the total deposits.

The Bank's net interest margin has increased from 2.74 per cent in fiscal year 2007 to 3.47 per cent in fiscal year 2008 and for the half year ended September 30, 2008 stood at 3.43 percent. For the fiscal year 2008 the Net NPA's (as a percentage of net customer assets) of the Bank stood at 0.36 percent, compared to 0.61 percent for the fiscal year 2007. The Net NPA's (as a percentage of net customer assets) for the half year ended September 30, 2008 stood at 0.43 percent and the Capital Adequacy Ratio as at September 30, 2008 stood at 12.20 percent.

The Bank's principal business activity is broadly divided into two segments, Banking Operations and Treasury. The Banking Operations consist of corporate/wholesale banking; retail banking, including services offered to Non-Resident Indians (**NRIs**); and other banking business which are not covered under any of the above three segments.

Banking Operations include products and services in the areas of Corporate Banking and Retail Banking. Under Corporate Banking, the Bank offers various loan and fee-based products and services to large corporations, MSMEs Mid-Corporate and to the agriculture sector. These products and services include cash credit facilities, demand and short-term loans, project finance, export credit, factoring, channel financing, structured products, discounting of bills, documentary credits, guarantees, foreign exchange and derivative products, cash management services, warrant payment services, cross-border trade and correspondent banking services and tax collections on behalf of the Government and various State governments in India. Liability products including current accounts, certificate of deposits and time deposits are also offered to corporate clients. The Bank also offers various Capital Markets related services such as loan syndication and placement, advisory services, depository services, clearing and settlement services to stock and commodity exchanges and debenture trusteeship services.

Retail Banking offers a variety of liability and asset products and services to retail customers. Liability products include savings accounts, time deposits and customised products for certain target groups such as high net worth individuals, senior citizens, defence personnel, students and salaried employees. Retail asset products include home loans, personal loans, auto loans, consumer loans, educational loans as well as security-backed loans of various types. The Bank also offers other products and services such as debit and travel currency cards, financial advisory services, bill payment services and wealth management

services. As of 31 March 2008, the Bank had 9.93 million retail customers. The Bank also markets third party products such as mutual funds and Government savings bonds. A wide range of liability and asset products and services are also offered to NRIs.

The Treasury department manages the funding position of the Bank and also manages and maintains its regulatory reserve requirements. The Treasury department also invests in sovereign and corporate debt instruments, undertakes proprietary trading in equity and fixed income securities and foreign exchange. The Treasury department also undertakes investments in commercial paper, mutual funds and floating rate instruments as part of the management of short-term surplus liquidity. A wide range of treasury products and services are also offered to corporate customers in the form of derivative instruments such as forward contracts, interest rate swaps, currency swaps and foreign currency options.

Overview of Operations

Corporate Banking

Products and Services

The Bank offers a wide spectrum of financial services to the corporate sector. The Bank serves the large corporate sector, the growing SME sector and the agricultural sector. A broad classification of products and services offered by the Bank is set out below.

Fund-based products. Loans and advances for working capital, corporate finance and project finance.

Non-fund-based products. Non-funded advances such as documentary credits, stand-by letters of credit and guarantees.

Fee-based services. Including fund transfers, cash management services, collection of Government taxes, trade services and loan syndication.

Other products and services offered include time deposits and current accounts (checking accounts). These products and services are delivered to customers through a network of branches, correspondent banking networks, phone banking and the internet.

Fund-Based Products

Fund-based limits are generally granted by way of overdrafts, cash credit, demand loans, term loans and bills discounted. Generally, the purpose, the security offered, size of advance, repayment terms and requirements of the customer determine the type of facility to be granted.

The following table sets forth a breakdown of the Bank's corporate loans as of the dates indicated.

	<i>(Rs .in millions)</i>	
	31st March 2007	31st March 2008
Working Capital Finance	106,112	164,356
Project and Corporate Finance	173,377	296,339
Total	279,489	460,695

Working Capital Finance

Cash credit, working capital demand loans and overdraft facilities, which are the most common forms of working capital financing, are funded facilities usually secured by current assets such as inventories and receivables. These facilities are generally extended for a period of one year. In almost all cases, facilities

are subject to an annual review and are generally repayable on demand. Interest is collected on a monthly basis, based on daily outstanding amounts.

Bill discounting involves discounting negotiable instruments, which are generally issued for trade receivables. These can also be re-discounted with other banks if required.

As of March 31, 2008, the Bank's outstanding net working capital loans amounted to Rs. 164.36 billion, constituting approximately 27.56 per cent of its net loan portfolio and as of March 31, 2007 these amounted to Rs. 106.11 billion, constituting 28.78 per cent of the Bank's net loan portfolio.

Project and Corporate Finance

The Bank provides project finance to companies in the manufacturing, service and infrastructure sectors typically by way of medium and long-term loans. Corporate finance is offered to customers based on the Bank's appraisal of the quality of management, industry, prospects, business model and financial strength of the firm. This financing is generally provided by way of term loans of various tenors in Indian rupees, and in foreign currencies to a limited extent. The Bank offers asset-based lending such as receivable financing and also offers customised corporate finance products to meet specific customer needs.

As of March 31, 2008, the Bank's outstanding net loans for project and corporate finance amounted to Rs. 296.34 billion, constituting approximately 49.67 per cent. of its net loan portfolio and as of March 31, 2007 these amounted to Rs. 173.38 billion, constituting 47.02 per cent. of the Bank's net loan portfolio.

The Bank earned interest income on its corporate credit portfolio of Rs. 35.62 billion in fiscal year 2008 and Rs.19.38 billion in fiscal year 2007.

Non-fund-Based Products

Documentary Credits

The Bank provides documentary credits to customers to meet their working capital requirements as well as for capital equipment purchases. Documentary credits are approved together with a working capital assessment or a project finance assessment. Typically, a working capital line can be drawn down on a revolving basis over the term of the facility. Customers pay fees for draw downs of the documentary credit and the Bank may require additional collateral by way of a cash margin which depends on the risk perception of the transaction. As of March 31, 2008, the Bank's documentary credit portfolio amounted to Rs. 82.46 billion and as of 31 March 2007 it amounted to Rs. 54.77 billion.

Guarantees

Guarantees, which also include "Stand-by Letters of Credit", can be drawn down in a revolving manner over the life of the facility. Guarantees are also assessed during the course of working capital requirements. Guarantees are issued for various purposes such as bid bonds, performance guarantees on behalf of borrowers for execution of contracts, deferral or exemption from payment of statutory duties against performance obligations, advance payments, release of retention monies and other purposes.

The term of guarantees is generally 36 months or less, although certain guarantees with a longer term may be approved. As with documentary credits, the Bank sometimes obtains additional collateral by way of cash margin which, in the case of certain types of guarantees, may be as much as 100 per cent. As of March 31, 2008, the Bank's outstanding guarantees amounted to Rs. 119.72 billion and as of March 31, 2007 these amounted to Rs. 43.86 billion.

Fee-Based Services

Fee income from corporate banking services (which includes fees from Credit, Business Banking and Capital Markets) constitutes one of the significant revenue streams of the Bank, accounting for 16.66 per cent of total operating revenue for the year ended 31 March 2008. The Bank offers a variety of fee-based

services, including cash management services, collection of commercial taxes, trade services, remittances, collections and loan syndication. In addition to these traditional fee-generating products and services, the Bank also offers tailor-made products on fee-basis to address specific corporate customer needs through a Structured Products group.

Lending to MSMEs and SMEs

The Micro, Small and Medium Enterprises (MSME) segment is an area of intense focus for the Bank, as it generates higher yield and helps in diversification of risk. MSMEs offer good business potential both for fund and non-fund based credit and cross selling of products.

The Bank continued its focus on the MSME segment during the year to March 31, 2008 by providing timely and adequate credit to customers with quick turnaround time. The segment offers schematic and non-schematic products including term loans and working capital finance, depending upon the specific requirement of clients.

Under schematic lending, specific loan-based products have been devised to target the requirements of specific customers and loans are made available based on predetermined features, parameters and levels. Loans not falling under any of the product-based schematic lending schemes are treated as non-schematic lending.

The Bank's Small and Medium Enterprises (SME) business segment achieved growth by implementing comprehensive strategies and focusing on specific industry segments and customer preferences. Advances to SMEs increased by 73.98% to Rs 115,369.2 million as at March 31, 2008.

The Bank continues to pursue a two-pronged strategy of deepening existing relationships and widening its customer base.

In order to increase the level of SME advances across the country, 24 SME cells have been set-up at key centers.

Priority Sector Lending

Commercial banks in India are required by RBI to lend 40 per cent of their adjusted net bank credit of the previous year to specified sectors known as "priority sectors", subject to certain exemptions permitted by RBI from time to time. Priority sector advances include loans to agriculture, MSME, microfinance loans to sectors deemed "weaker" by RBI, housing and education finance up to certain ceilings, lending for specific infrastructure projects and investments in instruments issued by specified institutions. The Bank is required to comply with the priority sector lending requirements as of the last reporting Friday of March of every fiscal year. Any shortfall in the amount required to be lent to the priority sectors may be required to be deposited with Government sponsored Indian developmental banks such as the National Bank for Agriculture and Rural Development (NABARD) and Small Industries Development Bank of India (SIDBI). These deposits have a maturity of up to seven years and carry interest rates lower than market rates.

A summary of the Bank's priority sector lending position as of the last reporting Friday in March over the last two years is as follows.

(Rs. in millions)

	As of last reporting Friday on March	
	2007	2008
Agricultural Advances	50,948	62,735
Small Scale industry and services	21,343	51,664*
Other priority sector lending	70,785	53,856
Total	143,076	168,255

**Pertains to MSME business of the Bank*

Agricultural Financing

RBI requires the Bank to lend 18 per cent of their adjusted net bank credit of the previous year to the agricultural sector. In light of future business prospects in the Indian agricultural and related sectors, the Bank has identified agricultural lending as an area of potential growth.

The Bank has a diverse range of schematic products such as tractor loans, the Kisan Credit Card (credit facilities to farmers for various requirements), loans against pledges of gold ornaments and contract farming to cater to the varied requirements of the agricultural sector.

The Bank is in the process of introducing additional schematic products such as advances to commission agents, warehouse receipt financing, cattle loans, loans against pledges of gold ornaments and contract farming to cater to the varied requirements of the agricultural sector. The agriculture business of the Bank is driven through its selected branches which facilitate the Bank's growth in agricultural lending. In order to provide a strategic focus to agricultural lending, the Bank has adopted cluster-centric approach for agricultural lending in areas which exhibited potential for such activities. 44 agricultural clusters have since been formed as a result of such initiative. To strengthen the agricultural lending of the Bank, Agri Business Cells have been formed. In addition, the Bank has established relationships with various companies and co-operatives in the plantation, poultry, food processing and seed sectors and meets their project financing and working capital requirements.

The Bank's strategy in agricultural lending is based on a comprehensive view of the agricultural value chain, a focus on diversification and partnerships with other companies in the agricultural sector, micro finance and other rural institutions and non-governmental organisations that have close links to the agricultural sector. The Bank has also devised a separate risk evaluation model for agricultural loans with an objective to measure and mitigate the risk involved in financing this sector.

There has been considerable improvement in the rural infrastructure in select geographies in India in recent years. The Bank's agricultural financing initiatives are largely focused on regions where the need for credit has consequently increased. The Bank intends to develop its agricultural finance business by:

- *offering a comprehensive range of products to individual farmers in select geographies covered by an adequate number of rural branches;*
- *offering suitable credit and other banking products to farmers supplying inputs to large corporations in agri-business (contract farming);*
- *offering suitable products to various members in the supply chain in the agriculture business (such as warehouses and cold storage units); and*
- *leveraging upon the Bank's technology platform to distribute the Bank's offerings in rural areas in a convenient and cost effective manner.*

As of the last reporting Friday of fiscal year 2008, the Bank's outstanding portfolio in the agricultural sector amounted to Rs. 62.74 billion compared to Rs. 50.95 billion on the last reporting Friday of fiscal year 2007.

Housing Finance

RBI requires banks in India to lend up to 3 per cent. of their incremental deposits in the previous fiscal year for housing finance. This can be in the form of home loans to individuals (up to a certain ceiling) or investments in debentures and bonds of the National Housing Bank and housing development institutions recognised by the Government. A portion of housing finance lending qualifies as priority sector lending.

As of March 31, 2008, the Bank's housing finance related lending amounted to Rs. 78.70 billion and as of March 31, 2007 it amounted to Rs. 48.34 billion.

Export Credit

RBI requires banks to lend to exporters, as part of its directed lending requirements, at concessional rates of interest. Pre-shipment and post-shipment export credit requirements applicable to exporter borrowers are provided both in Indian rupees and foreign currencies. RBI requires banks to lend, in the form of export credit, 12 per cent of their net bank credit for each fiscal year-end. This is in addition to the priority sector lending requirement. However, credits extended to exporters that are small-scale industries or small businesses may also meet part of the priority sector lending requirement. RBI provides export refinancing for an eligible portion of total outstanding export loans at the bank rate prevailing from time to time. Banks also earn fees and commissions from these exporter customers, in addition to the interest income earned on export credits, from fee-based products and services provided to them. As of the last reporting Friday of fiscal year 2008, the Bank's outstanding export credit amounted to Rs. 12.71 billion, constituting 2.13 per cent of the Bank's net bank credit, and as of the last reporting Friday of fiscal year 2007 the Bank's outstanding export credit amounted to Rs. 10.02 billion, constituting 2.72 per cent of net bank credit.

Credit Selection Strategy

The Bank's criteria for acceptability of corporate credit include:

- *an acceptable internal credit rating (BBB and above for large corporates and SME4 (moderate safety) and above for borrowers in SME segment);*
- *significant probability of credit rating enhancement in the medium term;*
- *strong cash flows;*
- *satisfactory quality of management in terms of past track record of performance and reputation of competence, integrity and respectable corporate governance practices;*
- *sustainability of the borrower's business model in the long term, especially in a post-WTO and trade liberalisation regime characterised by lower import duties;*
- *market leadership within the segment;*
- *likely future leader in emerging businesses;*

Pricing Policy

The Bank prices its loans with reference to a benchmark prime lending rate (the **BPLR**). The BPLR is based on cost of funds, business operations costs, provisions and yield curve expectations.

The BPLR of the Bank is currently 15.75 per cent per annum. The Bank prices its credit products based on its assessment of risk of borrowers, largely based on:

- internal credit rating of customers;
- tenor of the loan;
- the specific structure of the product (such as embedded options);
- available collateral; and
- market conditions.

Business Current Accounts

The Bank offers a range of current account products based on value as well as industry sectors in order to meet the needs of various customer segments such as SMEs, traders, exporters, large corporations and

other institutions. These products offer flexibility to customers to choose from different options with varying minimum average quarterly balance commitments and charge structures. In addition to conventional banking facilities, these accounts offer a multi-city, AT PAR payable cheque-book facility and an “Anywhere Banking” facility across all of the Bank’s branches. In addition to the Bank’s branches and ATMs, customers can access and conduct transactions in their accounts online through Corporate I-Connect, the Bank’s internet banking platform, or can access account information through a tele-banking facility and mobile banking facility. Customers are subject to transaction charges including charges for non-maintenance of minimum balances. The Bank had 341,998 business current account relationships as of March 31, 2008. The average balance of the Bank’s business current accounts during fiscal 2008 was Rs. 118.34 billion with an outstanding balance of Rs.200.45 billion as of March 31, 2008.

Cash Management Services

Through the Bank’s cash management services, the Bank’s corporate and institutional clients are offered customised solutions such as collection, payment and remittance services allowing them to minimise the time gap between collections and remittances, thereby improving their cash flows. Cash management products include local and remote collections with the pooling of funds in a central account along with a customised management information system (MIS) including online viewing of transactions through the Bank’s internet interface. In addition to collections, the Bank also offers local and remote payments through customer cheques and bulk demand drafts with centralised or remote printing, electronic clearing services, disbursement of dividend and interest, remittance services and internet-based payment products.

Electronic payment facilities are offered to government, corporate and institutional customers for payments to their vendors or suppliers through various modes such as electronic clearing and funds transfer facilities and direct credit facilities for common customers. These services offer a high level of convenience because no physical instruments are required and all transactions are effected electronically.

To respond to increasing customer demand, the Bank has established correspondent relationships with smaller local banks in India to offer a broader distribution network for its cash management services. As a result of these correspondent banking relationships, cash management services are provided at over 3,000 locations in India, with a capability of extending the network to other remote locations depending on need. The Bank also offers its services and network of 342 cash management service locations to other private and foreign banks as a correspondent bank.

Customers are charged a fee for these services based on the number and size of transactions, the location for cheque collection and the expected date of credit to the customer accounts. Apart from fees, the Bank also benefits from holding the funds for a period of time before they are required to be deposited in the customers’ current accounts.

The total volume of cash management services processed by the Bank was Rs. 7,462.86 billion for the year ended March 31, 2008. As of March 31, 2008, the Bank had 3,193 cash management service customers.

Government Business and Tax Collections

In July 2001, the Bank became the first Indian private sector bank to be authorised by the Government and RBI to collect taxes on behalf of the State of Andhra Pradesh on a pilot basis. In October 2003, the Bank’s authorisation was extended, permitting it to offer banking services to various Central Government ministries and departments and other State governments and union territories, including collection of direct and indirect taxes on behalf of the Government and State governments.

Currently, the Bank accepts income and other direct taxes and central excise and service taxes through its authorised branches. The Bank also handles disbursement of civil service and defence pensions through its authorised branches. Additionally, the Bank is providing collection and payment services to four

Central Government Ministries/Departments and seven State governments/Union Territories. The Bank also handles the business of stamp duty collection through franking on behalf of three State governments, Maharashtra, Gujarat and Rajasthan.

The Bank has taken up the new business of disbursements under various Government Benefit Schemes through IT Enabled Financial Inclusion (Electronic Benefit Transfer) on behalf of the Government of Andhra Pradesh, in fiscal year 2007.

The total government business turnover handled by the Bank for the year ended March 31, 2008 was Rs. 535.85 billion. RBI pays a fee for all government businesses (collections and payments) handled as its agent and the Bank has earned fee income of Rs. 167.30 million for the year ended March 31, 2008 under government business.

E-Governance Initiatives

Central and State governments have undertaken e-Governance initiatives aimed at providing better citizen services by setting up integrated citizen facilitation centers. The Bank is aggressively seeking to participate in e-Governance initiatives. The Bank is presently associated with the e-Governance initiatives of six State and Union Territories which are Andhra Pradesh (e-Seva), Karnataka (Bangalore One), Chandigarh (Sampark), Chhattisgarh (CHOiCE), Uttar Pradesh (e-Suvidha) and Rajasthan (e-Mitra). Additionally, the Bank also provides e-Payment facilities for payment of Direct and Indirect Taxes through the Internet for its customers, as part of the e-Governance initiatives of Central Board of Direct Taxes and Central Board of Excise & Customs, respectively. The Bank has strengthened its association with e-Governance initiatives of State governments by extending its banking services for the G2B space with e-Procurement Projects of the government of Karnataka and Gujarat.

The Bank also seeks to participate in the e-Governance initiatives of various government departments (such as Railways and Defence establishments) with offerings of single window payment system at which the Bank undertakes payments to suppliers, contractors and other vendors through multiple electronic channels like Electronic Fund Transfers/Non-Electronic Fund Transfers.

The Bank receives fee income on all State government revenues collected at these citizen facilitation centres and also earns income on non-interest bearing deposits made into user department accounts opened by the Bank in connection with these services.

Capital Markets

Debt Syndication

The major activities carried out in this area are:

- *assessing client debt profiles and funding requirements;*
- *advising on suitable instruments and structure, including cost reduction measures, pricing and timing of taking the instrument to market; and*
- *placement and syndication in the form of bonds and debentures or loans by way of distribution among various investors and lenders.*

The Bank has developed a strong relationship with other banks, financial institutions, mutual funds and provident funds, among others. The Bank is active in the domestic debt market and has syndicated an amount approximately Rs. 586.53 billion by way of debentures and term loans during fiscal year 2008. The Bank acted as arranger for issues of bonds and non-convertible debentures (NCDs) aggregating Rs. 241.69 billion and Rs. 439.53 billion during fiscal year 2007 and fiscal year 2008, respectively. 'Prime

Database' has ranked the Bank as number 1 arranger for private placement of bonds and debentures for fiscal year 2008. Ranked No.1 in the Bloomberg Underwriters League Table for Indian Domestic Bonds as on September, 2008.

Equities Issue Management

The Bank is a Category I Merchant Banker registered with SEBI to carry out Merchant Banking activities for raising funds through equity issuance including initial public offerings (**IPOs**), Follow-on-Public offerings (**FPOs**), Rights Issues, Qualified and Institutional Placements (**QIPs**). Prime Database' has co-ranked the Bank as number 1 "Lead Manager" for the half year ended September 30, 2008.

Private Equity

The Bank offers advisory services to corporates to raise funds through private equity with a focus on industries in fast-growing sectors of the economy.

Corporate and Financial Advisory

The Bank's advisory services have been developed with a focus on infrastructure and other core sector projects. The advisory assignments handled by the Bank cover various sub-sectors such as roads, railways, power, seaports, airports and other green-field and brown-field projects through consultancy for preparation and vetting of business plans, advising on capital structuring, funding options and assisting in financial closure of the projects. The range of advisory services also includes financial restructuring and diagnostic studies for various public and private sector corporations involving re-evaluation of their capital structures to maintain financial competitiveness and enhance operating efficiencies. The Bank also assists clients in executing financial restructuring plans as well as in fund-raising to refinance high-cost capital. The Bank also advises the State governments and their agencies on financing and restructuring arrangements.

The Bank earned fee income of Rs. 1,260.50 million and Rs. 997.10 million, respectively during fiscal year 2008 and 2007 from debt syndication, issue management and corporate advisory services.

Trusteeship and Securitization

The Bank, as a debenture trustee, is registered with SEBI to provide trusteeship services to the holders of debentures issued by various corporations. As part of its trusteeship services, the Bank, among other things, holds the security for the debentures, monitors compliance with the various terms of the issue or indenture and keeps investors apprised.

The Bank acts as a trustee for debenture holders and held assets under trust totaling Rs.2,000 billion as of March 31, 2008. The Bank also acts as trustee for various securitization issues and as monitoring agency for IPOs as required by the stock exchanges in India.

Capital Markets Services

The Capital Markets Division of the Bank handles clearing and settlement activities for the following exchanges:

- BSE;
- NSE;
- National Commodity & Derivative Exchange Ltd. (**NCDEX**); and
- Multi Commodity Exchange (**MCX**).

The Bank is a professional clearing member in the futures and options segment of the NSE & BSE and provides the NSE and BSE stockbrokers and NCDEX and MCX commodity exchange member's fund-based and non-fund-based facilities for carrying out their operations.

The Bank is also acting as Trading Clearing Member in NSE and MCX Stock Exchange Ltd.

Depository Participant Services

The Bank acts as a depository participant for the National Securities Depository Limited and Central Depository Services (India) Ltd. The Bank is registered with SEBI to act as a Custodian of Securities and accordingly proposes to offer clearing and settlement services for equity and debt securities transactions undertaken by clients such as mutual funds, insurance companies, corporate and banks. The activities are expected to commence in this current financial year.

Retail Banking

The Indian retail banking and financial services market is growing due to higher household incomes and increasing consumer credit demand. In order to take advantage of increasing demand, the Bank has developed a wide network of fully inter-connected retail branches, extension counters, ATMs, retail asset centers, an internet banking channel, a call centre and mobile banking. The Bank's retail strategy is based on network expansion, building product differentiators, customer segmentation, sales effectiveness and providing quality customer service. Branches distribute liability accounts, debit cards, travel cards and remittance cards, have point-of-sale terminal machines and depository services and sell third party products such as mutual funds and savings bonds issued by the Government. Retail asset centers distribute retail credit products such as home loans, personal loans, vehicle loans and educational loans. The Bank is focused on shifting customer transactions to low cost alternative channels and cross selling between liability, asset, cards and third party products to maximise income.

Retail Deposits

The Bank's retail deposit products include the following:

Term Deposits. Tenure based deposits of a fixed amount over a fixed term that accrue interest at a fixed rate and may be withdrawn before maturity in accordance with applicable rates.

Recurring Deposits. Tenure based periodic deposits of a fixed amount over a fixed term that accrue interest at a fixed rate and may be withdrawn before maturity in accordance with applicable rates by paying penalties.

Savings Bank Accounts. Demand deposits for retail customers that accrue interest at a fixed rate set by RBI (currently 3.5 per cent. per annum) and offer withdrawal facility through cheque books and debit cards.

In addition to the Bank's conventional deposit products, it offers a variety of special value-added products and services thereby increasing product offerings and providing greater convenience for customers.

Adopting a customer-centric segmentation strategy, the Bank offers differentiated liability products to various categories of customers depending on one or more factors such as age group, gender, income and occupation. While Priority Banking services group caters to high net worth individuals, the Savings Bank Easy Account provides a low frills product. The Bank has also launched savings bank products for senior citizens, trusts and non-government organisations (NGOs). The Bank's payroll account scheme, or "Salary Power", offers customised products for the employees of defence services, corporations, Government and other public sector entities.

Easy Access Savings Bank Account

The product aims at offering prompt banking services with accessibility to the account through the Bank's network of over 671 branches and extension counters and 2,764 ATMs, the internet, the Bank's call centre, mobile banking and its AT PAR Cheque book product. As of March 31, 2008, deposits under this segment accounted for Rs. 64.32 billion, constituting 32.28 per cent of the Bank's total savings bank deposits, which is an increase from Rs. 43.31 billion as of March 31, 2007.

Senior Privilege Account

In order to serve the emerging population of wealthy senior citizens in India, the Bank has launched the Senior Privilege Account. The account offers convenient banking, personalized service and other privileges such as utility bill payments, tax filing and tax advisory, thus catering to the financial and non-financial needs of senior citizens. As of March 31, 2008, deposits under this segment accounted for Rs. 6.26 billion, constituting 34 per cent of the total savings bank deposits of the Bank, which is an increase from Rs. 4.85 billion as of March 31, 2007.

Savings Bank Account for Trusts and NGOs

The Bank has also launched a Savings Bank product for the Trusts, Societies, and NGO segment. The product provides banking solutions by leveraging the “Anywhere Banking” platform of the Bank, the AT PAR Chequebook facility (which has no upper limit) and other value-added services. Of the total savings bank deposits of the Bank, which represents an increase of Rs. 20.03 billion as of March 31, 2007.

Payroll Account Scheme

To offer complete banking solutions to salaried employees, the Bank has introduced a comprehensive payroll product called “Salary Power” which provides centralised payroll solutions to corporations and institutions. Salary Power provides employees with a complete range of banking services on a preferred basis and allows the employer to manage salaries across various centers, with the employee benefiting from a range of value added services including retail loans, overdrafts, and concessional average balance requirements. Salary Power has been further segmented into four categories, namely Corporate, Public Sector Undertakings, Government and Defence. The Salary Power portfolio crossed the Rs. 41.00 billion deposit mark for the first time as at March 31, 2008 with more than 3.5 million accounts in the portfolio. The year end deposit balance was Rs. 413.78 billion and the share of business as against the overall savings portfolio was 57 per cent. in terms of number of accounts and 21 per cent. in terms of month end balances. As at March 31, 2008, Government / Public Sector Undertakings and Defence relationships contributed 30 per cent of the portfolio in terms of value while the balance was from large and mid sized corporates. There was an overall growth of Rs. 11.43 billion from the March 31, 2007 month end balance of Rs. 29.94 billion.

Encash 24 Account

The Bank’s Encash 24 account is a savings account linked to a time deposit product that offers the customer the liquidity of a savings account as well as higher returns of a time deposit. This product provides weekly automatic transfer of idle balances above a certain minimum amount from savings accounts to time deposits, resulting in higher yields for the customer. Whenever there is a shortfall in the customer’s savings account, deposits are automatically transferred from the time deposit account to meet the shortfall.

Priority Banking

The Bank’s Priority Banking initiative targets the high net worth customer segment and caters primarily to their banking and investment needs. The Priority Banking service offers customers competitive pricing on asset products and preferred rates for select services, along with personalized service.

The Bank offers facilities such as doorstep banking, an exclusive debit card with free usage at any Visa ATM and a complimentary gold credit card to Priority Banking customers. In addition, the Bank’s Priority Banking service provides customers with financial planning and investment advisory services. The services include investment advice across products such as savings bank, fixed deposits, bonds and mutual funds based on the customer’s risk appetite. Customers also benefit from lifestyle privileges such as invitations to art exhibitions, musical evenings, shows and concierge services.

Mutual Fund Sales

The Bank distributes mutual fund products of all major asset management companies in India [based on in-house research.] These products are sold through the Bank's branch distribution network based on client requirements. The Bank earns fee income in the form of up-front and/or retention fees. Mutual funds are also distributed through alternate channels such as ATMs.

As of March 31, 2008, the Bank earned a fee income of Rs. 456 million through the distribution of mutual fund products.

General Insurance and Life Insurance

The Bank offers general insurance solutions through the Bank's branch distribution network to its customers. The Bank is a corporate agent of Bajaj Allianz Insurance Company (**Bajaj Allianz**) and distributes products underwritten by Bajaj Allianz. Apart from standard tariff products, such as motor or fire insurance products, the Bank also sells non-tariff products such as health and home insurance products. The Bank also sells exclusive co-branded products and products that are bundled with the Bank's liability products and other corporate products. All of these products are sold through the Bank's branch network.

The Bank has a referral arrangement with MetLife India Insurance Company Ltd for distributing life insurance products in India through its network. It offers select types of life insurance products such as unit linked, money back and pension plans. The Bank also markets group insurance schemes to corporate clients.

The Bank earned a fee income of Rs. 1,260.2 million from the sale of insurance products (both general and life insurance) for the year ended March 31, 2008.

Retail Lending Activities

The growth of retail and consumer lending in India is a consequence of growing affluence and changing consumer behaviour. This growth is evidenced by the utilization of credit for consumer asset acquisition. The Bank has identified this activity as one of its core growth areas. The Bank's focused marketing approach, product innovation, risk management systems and competent back-office processes contribute to the strength of the Bank's retail lending strategy.

The target market identified for retail loans is salaried, self-employed professionals and other self-employed individuals.

The Bank offers a variety of retail credit products such as home mortgage loans, automobile loans, commercial vehicle loans, two wheeler loans, personal loans, consumer loans, education loans, loans against time deposits and loans against shares. The major components of the Bank's retail asset portfolio are home and mortgage finance, personal loans and automobile finance. The Bank's net retail loan portfolio as of March 31, 2008 and March 31, 2007 was Rs. 135.92 billion and Rs. 89.28 billion, respectively. This constituted 22.78 per cent and 24.21 per cent of the Bank's net loan portfolio as of March 31, 2008 and March 31, 2007, respectively. These loans are provided by the Bank directly through retail asset centers in metropolitan areas and major cities of India, through satellite retail asset centers in other cities and towns and also through branches in cities where the Bank does not have a retail asset centre or satellite retail asset centre. The retail asset centers and satellite retail asset centers serve as the focal point for marketing, distribution and servicing of retail loan products.

Retail Loan Portfolio by Category

The Bank's retail loan portfolio consists of schematic and non-schematic loans. As of March 31, 2008 the portfolio mainly consists of automobile loans (16.09 per cent.), residential mortgage loans (57.90 per

cent.), personal loans (15.52 per cent.), other schematic loans (consumer, card power and education loans) (1.01 per cent.) and non-schematic loans (loans against deposits and loans against shares) (9.48 per cent.). The Bank's retail loan portfolio by product is set out below.

Products	<i>(Rs. In million)</i>	
	As on March 31	
	2007	2008
Consumer Durable Loans	136	674
Automobile Loans	24,284	21,865
Home Loans	48,346	78,704
Personal Loans	9,411	21,092
Educational Loans	150	174
Card Power	404	532
Total Schematic	82731	123041
Non-Schematic	6,544	12,876
Total	89,275	135,917

Home loans, personal loans and automobile finance have been major contributors to the increase in the Bank's retail loan portfolio. The Bank's retail loan portfolio also includes loans acquired through portfolio buy-outs.

Home Loans

The Bank's home and mortgage finance business involves extending long-term secured housing and commercial property loans to individuals, both for acquisition purposes as well as for liquidity. Currently, these loans are being offered to individuals for the purchase, construction and extension of residential and commercial premises. As of March 31, 2008, the Bank's total home and mortgage finance portfolio totalled Rs. 78.70 billion, which predominantly comprised floating rate loans, representing approximately 57.90 per cent of the Bank's total retail asset portfolio.

Personal Loans

Personal loans are unsecured loans provided to customers for various purposes such as medical expenses, social and lifestyle obligations, and are generally repayable over four years. As of March 31, 2008, the Bank's personal loan portfolio totalled Rs. 21.09 billion, which represented approximately 15.52 per cent of its total retail asset portfolio.

Automobile Finance

Automobile finance, which includes financing two wheelers, four wheelers and commercial vehicles, involves providing consumer credit for an average period of three to five years to acquire a new or used vehicle. Automobile loans are secured by a lien on the purchased asset. As of March 31, 2008, the Bank's total automobile finance portfolio of Rs. 21.87 billion represented approximately 16.09 per cent of its total retail asset portfolio. The Bank has developed relationships with several established non-banking finance companies in India, providing both direct automobile finance (to individual borrowers) as well as indirect automobile finance (portfolio buy-outs).

Card Power

Card Power is a credit product for financing credit/debit card receivables of merchant establishments (ME) who subscribe to the electronic data capturing (EDC) machines of the Bank. Card Power funds the regular working capital and operating requirements of the ME, as well as seasonal purchases and capital expenditure for equipment, new premises and refurbishment.

Credit Evaluation: Retail Loans

For retail loans to individuals for the purchase of automobiles, two wheelers and commercial vehicles, personal loans and margin loans against securities, all prospective borrowers are granted loans only if they pass the credit evaluation process. The Bank has devised a credit-scoring sheet for all types of loans. For a loan to be approved, a minimum cut-off score has to be achieved by a borrower. This credit rating mechanism is periodically updated and reviewed.

Other Products and Services

Rewards Card

The Rewards Card product was launched in July 2005. The Bank has issued 713,785 Rewards Cards to more than 170 corporate clients as of March 31, 2008 with year-on-year growth of 128 per cent.

Remittance Cards

The Bank launched the Remittance Card in association with Times of Money in November 2004. The Remittance Card is a superior replacement to demand drafts that are issued to beneficiaries in India to receive their remittances. The Bank opened a total of 4,915 accounts as of March 31, 2008.

Annuity Card — Co-branded program with Life Insurance Corporation of India

The Bank has launched the co-branded pre-paid Annuity Card in association with the Life Insurance Corporation (LIC) of India for disbursing annuity or pension payments to the annuitants of the LIC of India. The Bank has issued 1,880 Annuity Cards as of March 31, 2008.

Credit Cards

The Bank launched its credit card business in September 2006 and as of March 31, 2008, had a portfolio of 452,005 credit cards. Corporate credit (and charge) cards were introduced in March 2007. The corporate card offering of the Bank is backed by an extensive expense management solution and reporting tool from VISA. Corporate cards are issued in Gold, Silver and Platinum variants.

In addition, the Bank has launched co-branded store and credit cards with the following partners:

- Shriram Transport Finance Company Ltd
- Magnet Hypermarkets
- Subhiksha
- Trust Chemists and Druggists

The latest product launch for the Bank is the Platinum Chip credit card, which is the first fully EMV (Europay MasterCard VISA) — compliant credit card in India. The Platinum Chip credit card comes with a variety of gifts and offers. The fee income earned from the credit card business as of 31 March 2008 amounted to Rs. 424.70 million.

Card Acceptance Business:

The Bank offers card acceptance services to merchant establishments in India and had an installed base of 74,458 point-of-sale terminals as of 31 March 2008. Both VISA and Master Card are accepted at these terminals. The Bank earns a negotiated merchant service fee from the volumes transacted at these point-of-sale terminals and also benefits from the float in the merchant current accounts.

Retail Banking — Fee Income

Fee income is generated from ATM interchange transactions, cards, safe deposit lockers, service charges on deposit transactions, processing fees from retail loans as well as fees earned from third-party product sales. Fee income from Retail Banking activities amounted to Rs. 5,503.40 million in fiscal 2008, as compared to Rs. 2,775.40 million in fiscal 2007

Non-Resident Products and Services

The Bank offers a wide range of banking, investment and advisory services to the NRI community under the umbrella brand NRI Services. Major products offered to NRIs are described below:

Foreign Currency Non-Resident Deposits

These are foreign currency deposits offered in six major currencies: the U.S. Dollar, the Pound Sterling, the Euro, the Japanese Yen, the Australian Dollar and the Canadian Dollar. The principal as well as the interest on these deposits are fully repatriable outside of India. The term of these deposits ranges from a minimum of one year to a maximum of five years. Interest rates on these deposits are fixed on a monthly basis and are linked to the LIBOR minus 75bps rates for respective currency and corresponding maturities.

Non-Resident External Fixed Deposits

These deposits are established in India and are maintained for periods from a minimum of one year to a maximum of ten years. The principal and interest from these accounts are fully repatriable outside of India. Interest rates on these deposits are fixed on a monthly basis and are linked to the LIBOR/SWAP rates for U.S. Dollar deposits of corresponding maturities. Loans against these deposits are granted for up to 90 per cent of the deposit amount.

Non-Resident Ordinary Deposits

These products are offered primarily to NRIs who also have income derived in India. These products are offered as savings bank deposits as well as fixed deposits. The interest rates and terms are structured along the same lines as domestic deposits. While the principal is not repatriable, except in certain cases, the interest paid is repatriable, net of payment of applicable taxes in India.

Non-Resident External Savings Account

Non-Resident External Savings Accounts are maintained in Indian rupees. An international debit card, which provides access to Visa ATMs across the world, is issued with such accounts. Interest rates on these deposits are currently 3.50 per cent. per annum. An Internet banking facility is also available on these accounts to facilitate account management from overseas. The balances in these accounts are fully repatriable outside of India.

NRI Savings Variants

NRI Services offers three products under NRI Savings (for non-resident external and non-resident ordinary NRIs):

1. NRI Normal - base product
2. NRI Prime - mid segment, Anywhere Banking product
3. NRI Priority- high end, lifestyle and investment privilege product

The Bank's aggregate NRI deposit portfolio totalled Rs. 27.09 billion and Rs. 22.42 billion as of March 31, 2008 and March 31, 2007 respectively.

Portfolio Investment Scheme

The Bank is authorised by RBI to maintain accounts under the Portfolio Investment Scheme with 22 of its branches and to issue approvals to NRIs requiring delivery based trading in shares and convertible debentures on Indian stock exchanges. The Bank provides these services, which include facilitating payment and receipt of funds for investment transactions, monitoring regulatory ceilings and computation and payment of taxes on capital gains.

Remittance Services

To facilitate remittances from the Middle East into India, the Bank has established alliances with exchange houses and commercial banks. The remittances are made in a seamless manner through technology enabled channels that are secure, fast and cost effective for the remitters. The Bank has also established a remittance channel to serve NRIs in countries such as the United Kingdom, the United States and Canada through an alliance with *TimesofMoney.com* using their product, Remit2India, to send NRI remittances to India. This service is available to beneficiaries maintaining accounts with the Bank or with other banks in India. The Bank has also established tie-ups with Doha Bank to provide a better service to its customers in the Middle East.

Tax Advisory Services

The Bank has retained the services of a firm of chartered accountants with expertise in NRI taxation to provide tax advisory services to the Bank's NRI customers through the Bank's internet-based facilities.

Delivery Channels

The Bank distributes its products and services through various access points ranging from traditional bank branches to ATMs, call centers, telephone and the internet. Investment in alternative distribution channels is part of the Bank's effort to migrate customers to lower cost electronic delivery channels. The Bank's channel migration effort is aimed at reducing costs while enhancing customer satisfaction levels by providing customers access to their accounts at all times. During fiscal year 2008, 96 per cent of the total cash withdrawals of the Bank's savings bank customers were routed through the ATM channel.

Branch Network

As of September 30, 2008, the Bank had a network of 729 branches & extension counters and 3,082 ATMs covering 442 locations. An extension counter is a service outlet, linked to a branch. It is ordinarily situated within the precincts of institutions such as schools, colleges and hospitals, offering banking services. Before setting up a branch, the Bank undertakes a detailed study of the demographic factors of an area to assess its business potential. Branch premises are generally leased. Back-office operations are centralised at a central processing unit in Mumbai, allowing the Bank's branch network to focus on business acquisition and expanding customer relationships.

As part of its branch licensing conditions, RBI has stipulated that at least 25 per cent of the Bank's branches must be located in semi-urban or rural areas. A semi-urban area is defined as a centre with a population of more than 10,000 but less than 100,000. A rural area is defined as a centre with a population of less than 10,000.

The following table sets forth the number of the Bank's branches, classified by category, as of September 30, 2008.

	No. of Branches	No. of Extension Counters
Metropolitan	241	15
Urban	289	5
Semi Urban	152	0
Rural	27	0
Total(1)	709	20

In addition, as of September 30, 2008, the Bank also had three overseas branches and two representative offices.

ATMs

As of September 30, 2008, the Bank had installed 3,082 ATMs. These ATMs are located at the offices of certain corporate clients, large residential and commercial developments, railway stations, airports, Hindustan Petroleum Corporation Limited/Bharat Petroleum Corporation Limited outlets and along major roads in cities. Apart from offering services to its own cardholders, the Bank's ATMs also process VISA, VISA Electron, MasterCard, Cirrus and Maestro card transactions. The Bank has entered into ATM sharing arrangements with other banks, which allow its customers to access their accounts with the Bank through the ATM networks of these banks in addition to the Bank's own network. Similarly, customers of these banks can also access their bank accounts using the Bank's ATM network. In view of the diversity of regional languages used in various parts of India, the Bank's ATMs offer multilingual screens. Value added services offered through ATMs include bill payments, mobile recharge, LIC premium payments and sale and redemption of UTI Mutual Fund schemes. We are technologically capable of issuing season tickets through ATMs and kiosks.

Internet Banking Services

The Bank offers Internet banking services to its customers through its website, www.axisbank.com. The provision of Internet banking has been a cost effective tool in increasing the Bank's market share in retail banking. Services offered to the Bank's internet banking customers include online access to account information, placement of requests for demand drafts, cheque book, secure mail box facility for communicating with the Bank, payments of utility bills and credit card bills, transfer of funds to a customer's account or to a third party account within the Bank. As of March 31, 2008, over 5.17 million of the Bank's accounts were registered for Internet banking facilities.

Mobile Phone Banking

The mobile banking channel has fast emerged as an extremely convenient option for the Bank's customers to keep themselves updated on their account activity. This has provided an additional level of security to the Bank's customers as any activity above a threshold limit is alerted to the customers through the Bank's SMS alert service. In addition, customers can request for the balance or details of the last three transactions through their registered mobile phones. The Bank is also working to enable customers to conduct other banking transactions through their registered mobile phones.

This has become the second most used alternative delivery channel of the Bank. The total number of subscribers as of March 31, 2008 was approximately 1.59 million.

Online Bill Payment

The Bank has also entered into arrangements with several telecommunication companies, utility providers, an insurance company and internet shopping portals for online payment of bills by its internet banking customers. The Bank generates revenue from these services either by a fee per transaction or a variable fee based on the ticket size of the transaction.

Sales Channel

The Bank employs a frontline sales force to source its liability products. The sales force, which sources a basket of liability products, currently contributes 80 per cent. of new business acquisitions and is a critical resource in the Bank's aggressive customer acquisition strategy. This sales force included 2,482 employees as of March 31, 2008, compensated by a remuneration package, which is largely performance based. Members of the sales channel are based at all branches and extension counters and their performance is monitored at both the regional as well as the Bank's corporate office levels.

The Bank has also set up a wholly owned subsidiary for the marketing of retail assets and credit cards. The advantages of such an entity stems from its ability to attract better quality sales personnel, optimise production, minimise costs and provide greater control and monitoring of the sales efforts as compared to the current direct selling agent model.

Depository Participant Services

The Bank acts as a depository participant for retail customers with the National Securities Depository Limited and Central Depository Services (India) Ltd., a service for which the Bank earns fees from accountholders. As of March 31, 2008, the Bank held 202,625 dematerialised accounts as compared to 176,488 dematerialised accounts as of March 31, 2007.

Treasury

The Treasury department manages the funding position of the Bank and also manages and maintains its regulatory reserve requirements. In addition, the Treasury department also manages the foreign exchange resources of the Bank and invests in commercial paper, mutual funds, certificates of deposit and floating rate instruments as part of the management of short-term surplus liquidity. A wide range of treasury products and services are also offered to corporate customers in the form of derivative instruments such as forward contracts, interest rate swaps, currency swaps, options, forward rate agreements and structured foreign exchange and interest rate products. The Bank's income from investing in corporate debt and equities is included under treasury operations for the purpose of segmented reporting. These activities of the Bank are otherwise undertaken by the Capital Markets department.

Funding and Balance Sheet Management

Deposits

The Treasury department raises term liabilities according to the Bank's requirements in view of prevailing interest rates and liquidity. Wholesale deposits are raised from corporate institutional customers, mutual

funds and banks through term deposits, certificates of deposits (CDs) and borrowings. An appropriate mix between deposits and borrowings is sought.

The Treasury department manages short-term liquidity through short-term borrowings such as overnight inter-bank borrowings, collateralised borrowing and lending obligations (CBLO), Repo, rediscounting bills and through other money market operations. The Bank raises foreign currency borrowings from local banks and foreign counterparties. In October 2007, the Treasury department raised U.S.\$155 million through a syndicated loan for the Bank's Singapore branch, U.S.\$100 million with a one year maturity and U.S.\$55 million with a three year maturity. In February 2008, the Treasury department raised U.S.\$ 120 million through a loan with a one year maturity for the Bank's DIFC Branch. The Bank also raises retail foreign currency deposits from NRIs at rates regulated by RBI.

The table below describes the deposits position of the Bank as of specified dates.

As at 31 March	<i>(Rs. in million)</i>	
	2007	2008
Savings Bank	121,259	199,824
Current Account	113,043	200,466
Term Deposits	587,856	876,262
Total Deposits	20954	31712

In the Treasury department, the fund management desk conducts market operations by borrowing and lending in the domestic call money market, CBLO and through repurchase transactions with RBI and other approved banks and institutions. The Treasury department ensures day-to-day funding for branch operations and asset build-up. Since these CRR balances earn no interest from RBI, the funding desk also ensures that only optimal CRR balances are maintained and that additional surpluses are deployed in the form of short-term investments in commercial paper, CDs or debt schemes of mutual funds.

The Treasury department measures and monitors the spreads of the Bank. Yields on assets and cost of funds are monitored on an ongoing basis. Maturity profiles of new deposits are adjusted to ensure that the Bank reaches its targeted spreads and that its liquidity profile remains comfortable.

The funding desk considers suitable hedging options for items on the balance sheet at appropriate times to protect or increase the Bank's spreads.

The table below provides details of the net interest income and net interest margin for the accounting periods ended on specified dates.

For the year ended 31 March	2007	2008
Net interest income (Rs. in millions)	121,259	199,824
Net interest margin (%)	2.74	3.47

Foreign Exchange and Derivatives

The trading desk deals in several major currencies and manages the Bank's exposure through foreign exchange and money market instruments within the guidelines and limits stipulated by RBI and management. Appropriate internal limits for counterparty and currency exposure are in place. The Bank is a market maker in the spot and forward exchange markets.

Foreign exchange trading income has grown significantly. Profits increased from Rs. 1,248 million in fiscal year 2007 to Rs. 2,075 million in fiscal year 2008.

The Bank offers both off-the-shelf and specifically structured products to its customers to meet funding and risk management requirements in foreign currencies.

The Bank offers forward contracts to customers to hedge against exchange risk on foreign currency receivables and payables, usually up to one year. The Bank also offers interest rate and currency swaps to certain customers to hedge their medium and long-term risk, up to ten years.

Commission and exchange income is earned from such transactions. As of March 31, 2008, the Bank had Rs. 643.20 billion in outstanding forward contracts and Rs. 1,726.21 billion in outstanding derivatives contracts.

International Correspondent Banking and Trade Facilitation

The Treasury department manages the Bank's correspondent banking relationships. At present, the Bank has 32 Nostro accounts in 14 different currencies. In addition to these, the Bank has active trade relationships with a number of major banks in different locations globally. Through these relationships, the Bank has been instrumental in facilitating the trade flows of customers. The Bank arranges international guarantees and confirmation of letters of credit at competitive prices. Buyers' credit, suppliers' credit and letter of credit (LC) financing has also been arranged to satisfy clients' funding requirements.

67 branches of the Bank are authorised to offer foreign exchange services to customers. The Treasury department serves as a one-point contact on foreign exchange matters for these branches with RBI and other regulatory agencies.

The Bank raises foreign currency resources through credit lines from its correspondent banks at competitive rates to enable the Bank to fulfill foreign currency requirements for its exporter customers.

The Bank's foreign exchange operations seek to increase reciprocal revenue generation from the Bank's correspondents by way of rebate and miscellaneous fee income such as export LC advice, confirmations and issuing domestic guarantees against counter guarantees of foreign banks. The Bank's rebate income increased from Rs. 45.98 million in fiscal year 2007 to Rs. 73.60 million in fiscal year 2008.

The table below indicates the growth of merchant foreign exchange business during accounting periods ending specified dates.

(Rs. in millions)

For the year ended 31 March	2007	2008
Turnover	1,279,702	1,591,650
Profits	1,095.67	1,736.94

Operations

The Compliance department formulates operational procedures for the delivery of products, scrutinizes approvals of new products and services as a constituent of the Product Management Committee, from the perspective of operational feasibility and convenience of delivery and ensures the implementation of regulatory policies concerning the operational aspects of banking. An operational framework has been established to ensure that all transactions are handled with precision, regularity and efficiency.

Corporate Banking Operations (**CBO**) within the Bank ensures delivery standards, credit administration, monitoring and customer service to large corporates, mid-corporates and SME segment borrowers. CBO at branches is tasked with ensuring that the operational risks in monitoring the advances and other related issues are mitigated. A separate hub has also been created for the centralised opening of non-retail loan accounts. In addition, separate hubs have been set up for processing transactions in respect of channel finance and international trade finance.

Phone Banking Centre

The Bank has a phone banking centre in Mumbai offering telephone banking services to customers in all zones across India. The Bank has extended this service to the majority of its branches and intends to extend these services gradually to all branches. The phone banking centre offers a self-service option for automated phone banking. In addition, carefully chosen and trained phone banking officers offer personalised services for customers of the retail and SME segments, providing account related information and answering queries about the Bank's products and services.

Central Processing Unit

As part of the Bank's initiative to leverage technology, redefine business processes and deliver quality products to its customers with efficiency and cost effectiveness, the Bank set up a central processing unit in Mumbai in December 2001. The central processing unit opens all liability accounts for the branches, produces welcome kits, delivers cheque books, debit cards, term deposit receipts and statements of account. Concurrent auditors verify whether the accounts are being opened after compliance with the Bank's "Know Your Customer" procedures and turn around time is strictly monitored.

Data Centre and Disaster Recovery System

While the Bank's primary data centre is located in Mumbai, it has a separate disaster recovery data centre in Bangalore which is connected to the main data centre. The disaster recovery data centre has facilities to host critical banking applications in the event of a disaster at the primary site.

Trade Finance Centre

The Trade Finance Centre has been established with the aim of providing a state of the art processing centre for smooth, error free, efficient processing and ensuring compliance with existing rules and regulations, setting a benchmark in the processing of Forex transactions. The Trade Finance Centre commenced operations in November 2005 and has centralised many of the Bank's trade related activities including exports, imports, LC and remittances.

Centralisation of the Bank's trade finance activities is aimed at improving customer orientation, growth acceleration and extended reach of foreign exchange services to remote centres. It is designed to help the branches improve focus on generating additional business. The Bank's Trade Finance Centre has handled about 0.55 million instruments during the fiscal year 2008 and is processing more than 2000 transactions per day.

During the fiscal year 2009, the Bank's Trade Finance Centre will be responsible for centralizing the management of forward contracts, capital account transactions and trade operations related to overseas offices located in Singapore, Hong Kong and Dubai.

Operational Controls and Procedures in Branches

An operational framework has been established to ensure that these transactions are handled with precision, regularity and efficiency in a risk mitigating manner. Operational instruction manuals at the branches detail procedures for processing various banking transactions. Amendments to these manuals are implemented through circulars sent to all branches.

The Bank places importance on computer security and has adopted an information security policy. Most of the Bank's information technology assets, including critical servers are hosted in a centralised data centre, which are subject to appropriate physical and logical access controls. The core banking software used by the Bank is based on the "maker and checker" concept, whereby no transaction can be initiated and authorised by a single individual. The powers to authorise transactions are exercised by officials in accordance with a scheme of delegation of powers and the monetary limits are incorporated as authorisation levels in the software, which validates each payment.

Operational Controls and Procedures for Internet Banking

Internet banking services are provided only in respect of existing customer accounts for which the necessary identity documentation has been obtained prior to providing the customer with a user identity and password to access his account online.

Operational Controls and Procedures in Regional and Central Processing Centres

The Bank has centralised transaction processing on a nationwide basis for transactions such as the issue of ATM cards and personal identification number mailers, reconciliation of ATM transactions, mailing of passwords to internet banking customers, depositing postdated cheques received from retail loan customers and processing of credit/debit card transactions routed through the Bank's channels. Centralised processing has also been extended for opening new bank accounts, issuing personalised cheque books and generating customer statements. At select centres, the handling of clearing operations and the management of ATMs have also been centralised for better control.

Anti-Money Laundering Controls

Pursuant to the Prevention of Money Laundering Act 2002, the Bank has implemented a policy on anti-money laundering controls. The policy has been approved by the Board of Directors and is being followed by each of the Bank's branches. The Bank's "Know Your Customer" policy, which consists of customer identification procedures and customer acceptance policies, forms the basis of the Bank's anti-money laundering controls. Activities in accounts are also monitored by branches by using a system-wide list of suspicious activities. In addition, transactions crossing a threshold amount of Rs.1 million are monitored by off-site surveillance with the help of reports generated by the Bank's data centre. A senior Bank official oversees the anti-money laundering activities and ensures compliance with the Bank's policy.

Inspection and Audit

The Internal Inspection and Audit department undertakes a comprehensive audit of all branches under a Risk Based Internal Audit model approved by the Audit Committee of Board of Directors (the **ACB**). The model is reviewed periodically to capture the changing dynamics of the business. The Risk Based Internal Audit Plan is drawn up on the basis of risk profiling of the Bank's branches. The Audit Plan is approved by the ACB.

Information System Audit policies are approved by the ACB and have been introduced covering physical, environmental and administrative controls, logical controls in application software, system administration, network security and protection from external threats and special projects.

RBI requires banks to have a process of concurrent audits at branches handling large volumes to cover a minimum of 50 per cent. of business volumes. The Bank has a process of concurrent audits engaging the services of external accounting firms of repute. Concurrent audits are also carried out at the central processing unit (for opening of liability accounts), at treasury operations (for sovereign and corporate debt investments and Foreign Exchange operations), at retail asset centres and at the centralised collection and payment hub and of depository participant business. This has been undertaken to ensure the existence of and adherence to internal controls.

The Inspection and Audit department conducts inspection of the Business and Revenue (income earning and expenditure incurring) departments at the Bank's central office once every two years, except in the case of treasury and capital market departments, which will be audited annually from current financial year onwards in accordance with policy approved by the ACB. The non-business and non-revenue departments and zonal offices are subjected to a management audit once every two years in accordance with policy approved by the ACB.

The Inspection and Audit department has complied with 'Quality Management System' (QMS), and its internal processes have been certified to be ISO 9001:2000 compliant by international certifying agency Det Norske Veritas AS, Netherlands.

Competition

The Bank faces strong competition in all of its principal lines of business. The Bank's primary competitors are large public sector banks, other private sector banks, foreign banks and, in some product areas, development financial institutions.

Corporate Banking

The Bank's corporate banking products and services face competition from a number of banks and financial institutions. Public sector banks, which pose major competition to the Bank, have a significant history of operations. This competition has, over time, built extensive branch networks, providing them with the advantage of a low cost deposit base, and enables them to lend at competitive rates. In addition, the extensive geographic reach of many of these institutions enables product delivery in remote parts of the country. The Bank seeks to compete with these banks through faster response to customer requirements, quality of service, a fast growing inter-connected branch network, and technology enabled delivery capabilities.

Other private sector banks also compete in the corporate banking market on the basis of efficiency, service delivery and technology. However, the Bank's management believes that its product portfolio, credit selection strategy, response time, service quality, and the strength of established relations, provide it with a competitive edge over these other private sector banks.

The Bank also faces competition from foreign banks, with foreign banks traditionally having been active in providing trade finance, fee-based services and other short-term financing products to top-tier Indian corporations. The Bank has established strong ties in trade finance, strong fee-based cash management services and competes with foreign banks using its broader branch network in the country, innovative products and competitive pricing.

Capital Markets

The Bank faces competition in its merchant banking business from large public sector banks, other private sector banks, foreign banks and investment banks.

Retail Banking

In retail banking, the Bank's principal competitors are the large public sector banks, which have much larger deposit bases and branch networks, as well as aggressive new private sector banks and foreign banks. The retail deposit share of foreign banks in India is quite small in comparison to the public sector banks, and has also declined in the last five years, which management attributes principally to competition from new private sector banks. However, some foreign banks have a significant presence among NRIs and also compete for non-branch-based products such as auto loans.

The Bank faces significant competition primarily from foreign banks in the debit card segment. In mutual fund sales and other investment related products, the Bank's principal competitors are brokers, foreign banks and new private sector banks.

Treasury

In its treasury advisory services for corporate clients, the Bank competes principally with foreign banks in foreign exchange and derivatives, as well as public sector banks in the foreign exchange and money markets business.
